The Wonderful New Rose "Sunburst" 1916

THE GOOD & REESE CO.
The Largest Rose Growers in the World
SPRINGFIELD, OHIO
BOUQUET SET OF DAHLIAS

FOR DESCRIPTION AND PRICE SEE FIRST PAGE
G. & R. Summer Grown, Winter Rested, Own Root Roses

Very few persons even in the trade realize to what mammoth proportions the own root Rose business has reached in the past few years. Our business has grown by leaps and bounds and the end is not yet. It’s easy to understand why. Because G. & R. own root Roses give satisfaction. They grow and bloom; they work year in and year out; they have permanency. Not so the huddled Roses that are like “a flower on the pan” and vanish when the customers know about budded Roses they absolutely refuse to purchase, and no one blames them. Give your garden the best, and the best are G. & R. own root Roses.

The Largest Rose Growers in the World

Although our stock of Roses for 1915 was several hundred thousand more than we ever grew, still we sold out early in the season, and were compelled to turn down orders for three-quarters of a million Roses we could not supply.

"Several years ago we bought our Roses, then we made the attempt to grow them ourselves, then again we tried the California grown Roses, but we are back with you and we are back to stay. No Roses do so well with us as the G. & R. Roses, We expect to plant more largely of your Roses each year." This is why G. & R. Roses are finding a ready market everywhere they are tried. Rose After-Satisfaction

When you buy G. & R. Roses you get along with them the after-satisfaction—that sense of realizing all the success that should come from planting quality Roses, the knowing that no better results are possible to be obtained outside of G. & R. Roses. It is the after-satisfaction that has compelled us to plan to grow for the coming season one million additional Roses. Think of it, the after-satisfaction of selling six million Roses, and demanding a million increase in one year. Going some! you say. Yes, but are you getting your share of this Rose after-satisfaction? If not why not? Plant G. & R. quality Roses. None better, none so good.

The Wonderful New Rose Sunburst

See First Page of Cover for This Rose in Colors

This magnificent giant Yellow Rose is a fine force; it stands head and shoulders above all others of its color and will rank with American Beauty and the Killarneys in value and grandeur. It has long, pointed buds, which can be cut and used for market. The color is orange-copper and golden-yellow; edge of petals lighter; all intense shades, extremely brilliant. It makes no difference What is its color or what we call its color. It is the yellowest of all Roses in the ever-blooming class. Belongs in the class of big Roses; has created a sensation wherever shown. Yes, and something more must be said about this Rose. It puts all the yellows to sleep when it comes to be cut and put in a vase. The color is never lost. Delicate yellow color blends with the flower until it finely finishes. Better get acquainted with "Sunburst." 25 cents; two-year plants, 60 cents.

The Bouquet Set of Dahlias

See Opposite Page of Cover for These Dahlias in Color

No. 1—WILLIAM AGNEW (Decorative)—Intense glistening crimson-scarlet, of large size and gracefully recurving form. The most popular standard red. 20 cents.

No. 2—SYLVIA (for Dolly) (Show)—Flowers four to six inches in diameter; of fine form and full to the center, which is white, shaded to soft pink on the outer petals. In from London to Countess of Londsdale. A magnificent Dahlia. 20 cents.

No. 3—FLORADORA (Cactus)—Deep, rich, dark wine-crimson, splendid shaped flowers on long, upright, wavy stems. Habit ideal of perfection. 25 cents.

No. 4—ROBERT BROOMFIELD (Show)—Pure snow-white. Of very large size. A free bloomer. Grand for cut flowers. We recommend this variety. 20 cents.

The entire BOUQUET SET of Dahlias, costing $1.55, sent for only 75 cents. Be sure and try a set.

Tuberous Begonias for the Garden

See Third Page of Cover for These Begonias in Color

Tuberous Begonias are grand for either in or outdoor culture. The soil should be one part good loam and one part sand. Mix well together. Where planted singly, give each a five-inch pot, three tubers in a seven-inch pot is better. Out of doors give them a partially shaded position. They do well on the north side of a house. Water very cautiously until active growth starts, then gradually increase the amount. No plant will give more bloom. See page — for our general collection of flowered Crispa and Crisata flowers.

NO. 1—Red center, pink edge. Crisata type. 6 cents.

NO. 2—Grandest of all pinks. 5 cents.

NO. 3—Deep, rich golden-yellow. 6 cents.

Special Offer No. 84 The entire set of Seven Choice Tuberous Begonias as pointed out on Page 3 of Cover, costing 25 cents for only 10 cents. You have never seen anything so beautiful in the Dahlias. Be sure and try a set.

G. & R. Garden Set of Choicest Gladiolus

See Fourth Page of Cover for These Gladiolus in Color

well reflexed, forming an almost circular flower. The color, brilliant salmon-pink with a red flush on the large white spots on the lower petals. Very showy. 5 cents each.

NO. 5. AUGUSTA—Opens delicate pink, changing to pure white; anthers are blue.

NO. 6. BRILLIANT SPLENDOR—One of the finest of the variety, deep pink with white spots on the edge. Very showy. 6 cents each.

Special Offer No. 86 The entire set of Six G. & R. Garden Set of Choicest Gladiolus, costing 33 cents, for only 25 cents.

Special Offer No. 87 Everything offered on this page, the Wonderful New Rose Sunburst, Bouquet Set of Tuberous Begonias, and the set of Six G. & R. Garden Set of Choicest Gladiolus, Costing if ordered in sets, $1.90, for only $1.65.
Our Pleased Customers

We could print thousands of these letters telling of our fine plants.

Have ordered many Roses from many houses, but your 2½ inch grow off better and make finer plants than any I have bought at five or six times the price. The Dorothy Perkins and Tausendschon bought two years ago cover a ten foot fence and bloomed last year.

Have had the greatest success with bushes ordered from you in previous years and our display last year was such that the neighborhood has the "Rose fever." The neighbors wanted me to sell them plants or start slips and sell them, but I am not in the plant business, so I referred them all to your firm. The State Florist, after seeing some of my Roses, asked me for a list of good ones—gave him your catalogue with the list marked. I am enclosing a list of people who are going to spend money for Roses this year.

 ——

F. H. McC.

Good & Reese Co.:

The stock ordered a few days ago reached me safely yesterday. As I fully expected coming from the Good & Reese Co., the quality was of the best. The packing made a winter shipment perfectly safe, and it was certainly needed, as the box arrived on a ten below zero day, and after two trips in an express rig, first to custom house, then to my place, everything was in the finest condition. I knew Springfield packers could do it.

J. H. CALLANDE
The Cream of the New Roses

We here offer what is good in the new Tea and Hybrid Tea Roses. To have what is good you must try these Roses. They are grown in France, Luxempor, Germany, Ireland, Italy, Holland and America can produce.

BRITISH QUEEN (H. T.)—We quote the Introducer’s description: “Experts who have seen British Queen growing, agree that it is the finest white Rose in existence, surpassing in beauty and grace the varieties of the world. The freedom with which it blooms is remarkable. It is in flower from June until winter, and on well cultivated plants, a model of perfection. The type of flower is between White Maman Cochet and Frau Karl Druschki, with Tea Rose form and refinement. Frequent in the bud state it shows a slight fluff; this disappears as the flower opens into purest whiteness. It is a good grower and sweetly scented. Awarded a gold medal by the National Rose Society of England. Those who have had the pleasure to see this magnificent Rose will not forget the sight. 20 cents each; 2-year plants, 50 cents.

CHERRY PAGE (H. T.)—Brilliant carmine-pink, suffused with golden-yellow at base of petals. Flowers very large, with very shapely buds. Very floriferous. A grand garden Rose. 50 cents.

CHRISIE MACKELLAR (H. T.)—A gorgeously beautiful Rose, combining in charming combination the following tones, tints and colors: Crimson-carmine, deep rich ochre-yellow, Maddox, a delicate and bright orange-pink as the flower develops. It is one of the most delightfully colored toned Roses we have had the pleasure of seeing. It is strongly and deliciously pure primrose-tea scented. 20 cents; 2-year plants, 50 cents.

COLEEN (H. T.)—Brilliant rose, shaded rose-pink with deeper rose-crimson veining and distinct creamy-yellow ground, never fading until the petals drop. The flower is quite full, with enormous petals and high pointed center, forming the finest and most remarkable flower among Rose rays. Very free-blooming and smooth. Gold medal Rose of the National Rose Society of England, 1913. 25 cents.

DORA (H. T.)—Large, full flowers of a beautiful peach blossom color, with deeper center, changing to silvery-blush as the flowers expand. Very free-blooming. A grand Rose. Very h. 30 cents; 2-year plants, 50 cents.

DUCHESS OF NORMANDY (H. T.)—Soft salmon-flesh overlaid with yellow. A grand Rose viewed from any standpoint. 20 cents; 2-year plants, 50 cents.

EARL OF GOSFIELD (H. T.)—Color dark crimson, heavily shaded after the style of Jubilee. A fine, strong grower; a Rose that will do particularly well in adverse climates; very fragrant, and destined to become a very popular Rose. 20 cents; 2-year plants, 50 cents.

EDGAR M. BURNETT (H. T.)—Very large, full flowers of fine shape and form, with large flesh petals tinted rose. Said to be a great improvement on La France, and may be regarded as an advance on the type of Lady Alice Stanley; undoubtedly the sweetest scented Rose in existence. As a garden Rose unequaled. 50 cents.

EDWARD MAWLEY (H. T.)—By its marvelous outstanding qualities is now regarded by rosarians as the greatest advance and most wonderful hybrid Rose yet raised. We have no hesitancy in saying that it is the finest of all dark crimson Roses. A true perpetual-flowering Hybrid Tea and the most beautiful variety by far the Rose world has yet seen. This Rose was raised by McGredy, of Ireland, and named in honor of Edward Mawley, the eminent British grower. Awarded a grand gold medal by the jurors of the National Rose Society of England. 20 cents; 2-year plants, 40 cents.

EUROPE (H. T.)—We were greatly pleased with the promise of this Rose last year, and are now fully decided as to its value as a red bedding. It is easily suited to as soil and position, and produces flowers in great abundance. The blooms are large and full, of substantial form and texture. We fully expect this variety to rank at the very top of red garden Roses for making, plant deep crimson and cardinal. A sheet of gorgeous color. 20 cents; two-year plants, 40 cents.

FAIRBENKOGNIN (Queen of Colors) (H. T.)—This is well named the Queen of Colors; our own personal opinion is that there is no finer Rose grown than this beautiful sort. It is large and full; color bright carmine and rosy crimson, overlaid with a satiny-silver sheen. Very floriferous. Simply grand. Here is another Rose that will bear an acquaintance. All Europe knows this Rose, while few in America have ever heard of it. 25 cents; two-year plants, 50 cents.

FRANCIS SCOTT KEY (H. T.)—It is very fitting that such a fine new Rose should be honored with the name of the author of the "Star Spangled Banner," and also that it should hail from Baltimore, one of whose forts was being assailed when the inspiration came to the author to write our national anthem. The flowers are from large to very large, with sixty or more petals opening to a high center. The color is a magnificent deep red rose. Wherever it has been staged this Rose has swept all competitors from the boards and secured every prize it has entered for. Grand for the garden. 35 cents; two-year plants, 60 cents.

GENERAL SUPERIOR ARNOLD JANSEN (H. T.)—This is a fine new Rose by the same introducer as that of Jonkheer J. L. Mock and Mevrouw Dora Van Tets. It is now considered by many that Mock has that old-time favorite, La France, bested. General Jansen is a wonderful Rose, the color being a deep, glowing, carmine or brightest red. Flowers of the largest size, full and fragrant. 20 cents; two-year plants, 50 cents.

HARRY KIRK (T.)—A splendid Rose, of most robust growth, with free-branching habit, flowering freely and continuously; the blooms are large, with large, smooth petals of great substance; the form is perfect, the buds long and elegant. Color, deep sulphur-yellow, passing to a lighter shade at the edges of the petals. Awarded a gold medal by the National Rose Society of England. This Rose is difficult to propagate, and will always, for this reason remain high in price, although when once rooted and established, is a good grower. 35 cents; two-year plants, 75 cents.
HELEN TAFT (H. T.)—A rich cerise-pink. Flower very large. A free bloomer and will become as famous as a beauty, as is the variety President Taft. Growth very strong. Keep your eye on this variety. 25 cents; two-year plants, 60 cents.

HERZOGIN MARIE ANTOINETTE (H. T.)—Very long buds, perfect for the old gold; very large flowers of perfect form. Soupret & Notting, of the Grand Duchy of Luxembourg, say: "This is the finest yellow of all years." Presented to the Metzbach; every merit of the German Nurserymen's Society; also prizes of honor at Leipzig, Sangerhausen and Zweibrucken. Two-year plants, 50 cents.

HOOSIER BEAUTY (H. T.)—This is a new Rose of 1915, sent out from Indiana. If you need a better red Rose than the one you are growing, Hoosier Beauty will fill that bill. In color glowing crimson-scarlet with velvety crimson shadings. The bud is long and opens into a magnificent bloom quite dazzling in its velvety brilliance. Be sure and try this Rose. 50 cts.; two-year plants, $1.00.

IRISH FIRE FLAME (H. T.)—One of Alex. Dickson's single Roses that is a good forcer. It makes beautiful buds that remain in shape a long time, having great substance. The flowers are long stems, and with its unique color. It forms a combination that at once places it in the front rank of forcing Roses. The color is old gold, or cherry-yellow, flamed with ruddy crimson. Certainly a most glorious Rose. 15 cents; two-year plants, 50 cents.

JONKHEER J. L. MOCK—This grand Rose is the strongest grower in the Hybrid Tea class, which are produced with the greatest freedom, are carried on stiff and erect stems, and are of the largest size of perfect formation, and highly perfumed. Color: clear imperial-pink; a glorious Rose. Awarded two gold medals, one silver medal and five first prizes in Europe. We can confidently recommend this sterile Rose as a most valuable addition. The largest flowers of all Hybrid Teas. A wonderful Rose. 20 cents; two-year plants, 50 cents.

KILCAREY QUEEN—The introducers are to be congratulated sixteen years after the advent of Kilcarey in giving us this distinct novelty which is undoubtedly the Kilcarey type. Kilcarey Brilliant has the same habit of growth and the same freedom of bloom as its parent, while the flower is more double. The color is very pale pink and not inferior to Kilcarey. In the garden in bright weather is clear pink, and in dull weather almost a crimson. Extra, 25 cents; two-year plants, 50 cents.

KILCAREY BRILLIANT—This is an earliness combination of deep ivory, creamy-white, with egg-yolk yellow zoned petals of extreme beauty. Intense but delicately and deliciously Persian tea fragrance. Especially valuable for garden decoration, being marvelously free and continuous blooming. 20 cents; two-year plants, 50 cents.

LADY BUNDEAUX (H. T.)—A Rose with long, pointed, chartruse-colored bud, very free and continuous forerunner of deep ivory, creamy-white, with egg-yolk yellow zoned petals of extreme beauty. Intense but delicately and deliciously Persian tea fragrance. Especially valuable for garden decoration, being marvelously free and continuous blooming. 25 cents; two-year plants, 60 cents.

LADY CHARLOTTE (Tea)—At the first International Rose Show this was awarded the sweepstakes over all yellow Roses. It has long, willowy stems that are in no sense weak. The field holds 25 cents, 200 cents, and has a long pointed bud of brilliant deep golden-yellow, and a striking peculiarity of this Rose was that each day of the long-yellow-sweetness of the color increased. The color low and more intense, unlike all other yellow Roses with which we are familiar, as invariably the tendency after being cut is to become dusky. This Rose is of strong growth and no trouble in its culture. This variety, however, in the middle of the show it was awarded the silver medal, N. R. S. 20 cents; two-year plants, 60 cents.

LADY KATHERINE ROSE (H. T.)—A direct cross between "Antoine Rivoire" and "La Fraicheur." The color of this Rose is of the same delicate pink as "La Fraicheur," with the same unique markings in the petals characteristic of this beautiful Rose, retaining the delicious scent. This variety was growing in the midst of known varieties during the trial, and several leading Rosé growers who saw it blooming were quick to pick it out. 20 cents; two-year plants, 50 cents.

LADY PIRRIE (H. T.)—A delightful garden Rose, of very distinct coloring. Stands at the top of the "Fancy Roses." The outside petals are reddish-salmon; inside apricot, flushed fawn and copper. An ideal variety for bedding. Color, freedom of growth and abundance of bloom are bound to put this Rose in the very forefront of garden favorites. Awarded gold medal, N. R. S. 20 cents; two-year plants, 50 cents.

LADY PLYMOUTH (Tea)—The color is a pearly, delicate but deep ivory-cream, faintly flushed, giving it a most pleasant finish that is difficult to describe. Awarded gold medal National Rose Society of England, and silver medal at Crystal Palace Show, London. 50 cents.

LUCIEN CHAURE (H. T.)—A beautiful bright pink, illuminated with clear rose-cvem. Very large and of regular form. A fine garden Rose. 50 cents.

MABEL DREW (H. T.)—A truly magnificent Rose, superb in every respect; the blooms are large, full and symmetrical; the color is deep rich cream passing to intense canary-yellow. It has a decidedly refreshing perfume. Altogether a transcendentely beautiful Rose. Awarded by an unanimous vote the gold medal of the National Rose Society. 25 cents; two-year plants, 50 cents.

MADAME CHARLES MUTAUD (H. T.)—A fine vigorous grower, with erect, branching habit. Stems are almost thornless; foliage broad and nicely bronzed; bud very long and pointed, on long stems. The bloom is large and full. Color, rich chrome-yellow, with rose-scarlet on the outer petals. Has Marquis Sinety blood, but very distinct from that variety. 25 cents; two-year plants, 60 cents.

MADAME EDMOND ROSTAND (H. T.)—Delightfully free, strong grower, with but few thorns and small ones at that. Bud long and beautifully formed, opening into a surprisingly large, full flower with immense outer petals. Color, clear pink, with salmon shadings and reddish-orange center, very tinnest and beautiful. The finest of the "Antoine Rivoire" type on account of its brilliant coloring. A consistently beautiful variety. 25 cents; two-year plants, 60 cents.

MARIE ADELAIDE, GRAND DUCHESS OF LUXEMBOURG (H. T.)—Flowers of an marvelously constant deep orange-yellow coloring. Elegant form, borne on erect stems; deliciously perfumed. This is a most superb Rose. Awarded gold medal at Nancy, 1912. Extra fine. 20 cents; two-year plants, 50 cents.
MADMOISELLE BLANCHE MARTIGNAT (Tea)—Like so many of the good continental Roses, we just happened to have the good luck to run onto this superior Rock. It has been neglected so long it is beyond our comprehension. The only solution to the question, "lost in the shuffle," is probably the appropriate name. However the foliage and the flower is quite distinct, both in shape and color. The shape is extremely long and pointed. It has a distinct light silver decolleté. The flowers are a beautiful peach-pink, with tints of yellow and crimson, the same colors as seen in the Aurora Borealis. 20 cents; two-year plants, 50 cents.

MADISON (Tea)—This is the "money-maker" among the cut flower Roses, and is a greatly improved Bride, and when we say improvement, we mean a genuine improvement. The best feature of Madison is that the foliage does not mildew. All know how badly the Bride mildews. Well, Madison is mildew-proof. Then, after a hard-won and well-earned establishment, Madison will cut as many flowers as Killarney, cutting steady each month in the year. Madison is a grand addition to our list of cut flower Roses, and that "Madison" is the money maker. 20 cents; two-year plants, 50 cents.

MARQUIS DE SINEITY (H. T.)—Not a new Rose, but will always be scarce as it is difficult to propagate but easy to transplant. A deep golden-yellow, shaded brownish-red; large, full and very fine. 50 cents.

MEYRVOU DORA VAN TETS (H. T.)—A chaste Rose of great beauty. The result of growth, every shoot producing a bloom; a perfect pearl for garden decoration. The color is a deep glowing crimson; a flower you will be hard pressed to find which you visit again and again. This is another most valuable garden Rose sent out by that painstaking Dutchman, M. Leenders, of South Holland, who has already enriched for all time our gardens with the grand varieties "Jonkheer J. L. Mook," Garden-director Harratha," and "General SUPPLEMENT"—so chosen. Your friends will make no mistake in planting this Rose. 50 cents; two-year plants, 50 cents.

MI-LADY (H. T.)—A rich crimson Rose. Flower of large size and very double; splendid form and very fragrant. Extra fine. 25 cents; two-year plants, 50 cents.

MILDRED GRANT (H. T.)—Ivory-white, with an occasion al tinge of pink. Leaf of growth, every shoot producing a bloom, with exceptionally large and massive petals, opening to perfectly formed flowers of enormous size and substance. Awarded the first medal in the United States. We are the only firm in the United States offering this Rose on its roots in young plants. It is a grand Rose. 50 cents.

MRS. ANDREW CARNEGIE (H. T.)—Bred by James Cockr & Sons, of Aberdeen, Scotland. This Rose is an epoch-making flower, as an old Kettish flower put it, "a naller." At the stand where Mrs. Andrew Carnegie was shown there, but a big crowd around it all the time the show was open. Queen Adelaide, a light chocolate, was admired by all as she passed through the show in the morning before the great rush of the afternoon. One enthusiast describes it as having put up the whole show. "What a handsome shape and delicate fragrance it combines a thing in that Rose," said a Mr. Lemon-yellow at base of the petals, shading to pure white. W. H. Van Fleet medal. N. R. S. 25 cents; two-year plants, 50 cents.

MRS. CHARLES RUSSELL (H. T.)—This wonderful new Rose has taken the country by storm, no other forcing Rose except American Beauty can possibly be compared to it. Color, a great rosy-red or deep pink, of the largest size. 25 cents; two-year plants, 50 cents.

MRS. FORDE (H. T.)—A magnificent and exquisite Rose, whose large blooms, on very strong and distinct stems, make a perfect form and finish, with daintiest colorings, which are certainly unique among Roses, being stained or flushed purest deep carmine-rose and deep crimson with a zone of clear chrome-yellow at the base of each petal; refreshingly fragrant, being delightfully and distinctly angustulous or perfumed. 20 cents; two-year plants, 50 cents.

MRS. FRANK BRAY (H. T.)—This is claimed to be a great advance on the lovely and popular "Halcyon," a deep yellow, with delicate warm shade of pink. 25 cents; two-year plants, 60 cents.

MRS. GEORGE SHAWER (Tea)—This Rose promises a great future. Its color is a lovely shade of shell-pink with a deep, glowing heart of bright pink which lights up the flower wonderfully. A persistent bloomer and therefore an invaluable garden Rose. 25 cents.

MRS. F. F. THOMPSON (H. T.)—The color is a lovely shade of shell-pink with a deep, glowing heart of bright pink which lights up the flower wonderfully. A persistent bloomer and therefore an invaluable garden Rose. 25 cents.

MRS. GORDON SLOANE (H. T.)—Pearly flesh-white. Rose, which as the flower develops has a delicious perfume. Deep golden-yellow, shaded bright shade of pink. A valuable Rose which has proven fine for forcing. It has all the earmarks of a fine bedding Rose. Lady Hildon. 25 cents; two-year plants, 50 cents.

MRS. MOOREFIELD STORY (H. T.)—This Rose is introduced to the Rose growers of the world as a delicate coppery-shrimp-pink in the center with creamy outer petals; reverse of petals electric copper on pure deep salmon-pink. The blooms are fully double, of magnificent profusion; has a delicious fruit perfume. A truly charming Rose. 20 cents; two-year plants, 50 cents.

MRS. MUIR MACKEAN (H. T.)—This is a Rose of very special merit. In all the range of colors among Hybrid Perpetuals, there is none that has so much of the deep carmine-crimson, without shading. A grand, bold, well-built flower, perfect in shape and form; of the most modern Scotch style. 25 cents; two-year plants, 50 cents.

MRS. SAM ROSS (H. T.)—Very large full flowers. Petals are large, smooth, shell-shaped, and quite free from the graceful reflex of edges. A flower of largest size and great refinement. A novel and uncommon shade of color, at once distinct and pleasing. 20 cents; two-year plants, 40 cents.

MRS. PEACH HALL (H. T.)—Dolcette cream-buff. Edged and suffused with carmines. 20 cents; two-year plants, 60 cents.

MRS. ROCK TAYLOR (H. T.)—Lancet-shaped cream. 20 cents; two-year plants, 60 cents.

MRS. W. J. BEARD (H. T.)—Small, free, and fragrant. 25 cents; two-year plants, 50 cents.

MRS. W. H. VAN FLEET (H. T.)—Lancet-shaped cream. 20 cents; two-year plants, 60 cents.

MRS. W. H. VAN FLEET (H. T.)—Lancet-shaped cream. 20 cents; two-year plants, 60 cents.
NIPHETOS (Tea) — We wonder how many Rose growers remember old Niphetos. We have been five years trying to get a supply again, but in vain. It has the longest bud of any Rose, barring none. The color is snow-white, flushed with delicate pink. 35 cents.

OLD GOLD (H. T.) — Vivid reddish-orange with rich coppery-red and apricot shadings. A true old gold color which is a unique color amongst Roses. A continuous free bloomer. Very sweetly fragrant. Gold medal National Rose Society. 25 cents; two-year plants, 60 cents.

OPHELIA (H. T.) — When Ophelia was sent out on its message of Rose beauty to entrance the world, there was placed a tablet in the hall of Rose fame to Wm. Paul & Son that will grow brighter as the flight of time goes on. Its beauty will never tarnish or grow dim. A more enduring memorial than anything else in the world can give. Think what joy and happiness, yea, peace, this Rose will produce as the ages go by, and how modest Mr. Paul & Son were in their description, which we give verbatim: "Salmon-flesh, shaded with rose; large, and of perfect form; of excellent habit, the flowers standing up well on long, stiff stems, and produced in great profusion. Excellent for forcing and a fine decorative variety. Growth vigorous." Certainly a glorious Rose. Be sure to have "Ophelia" fixed in your memory. 25 cents; two-year plants, 60 cents.

PRIMROSE (H. T.) — Melon-yellow during spring and summer, deeper in autumn, with apricot shadings; a most distinct coloring: large, double, of perfect form; with long, pointed buds; deliciously fragrant. Magnificent bedding Rose. Unsurpassed. 20 cents; two-year plants, 50 cents.

PRINCE ENGELBERT CHARLES DE ARENBERG (H. T.) — Without doubt the most promising red forcing Rose in sight; a grand Rose of vigorous growth and freedom of bloom unapproached in any other variety; buds perfectly formed, developing into a perfect open flower of ideal form; no deformed buds. The color is a clear and lively red without tone of purple that kills all the other red forcers. The color is most pleasing and under artificial light wonderfully brilliant. Growers will make mistake to pass this Rose by. 25 cents; two-year plants, 60 cents.

QUEEN MARY (H. T.) — A uniquely beautiful Rose which enpowers the hearts of all who see it and ever holds them in its lovelY sway. Its pure, rich colorings, which are zoned deep, bright canary-yellow, on plenteous well-shaped petals which are cratered with pure deep carmine. This extra touch of color gives a gloriously warm effect as the yellow and carmine do not commingle, the petals are arranged in tip-tilted globular formation. It is most floriferous, and fragrantly primrose-tea perfumed. Awarded silver cup Festival of the Empire, Crystal Palace, London, and silver-gilt medal N. R. S. 25 cents; two-year plants, 60 cents.

SEABIRD (H. T.) — A delightful garden Rose with vigorous free-branching growth, flowering freely and continuously on long, upright stems. Flowers of medium to large size, of fine form and good substance. Color clear primrose-yellow, paling with age to creamy-yellow. A splendid bedding Rose and altogether a grand variety. 25 cents; two-year plants, 50 cents.

SUNBURST (H. T.) — This magnificent giant yellow Rose is a fine forcer; it stands head and shoulders above all others of its color and will rank with American Beauty and the Killarneys in value and grandeur. It has long, pointed buds, which can be cut tight for market. The color is orange-copper or golden-orange and golden-yellow shades of a paling to brilliant. The color is extremely brilliant in effect. Some call the color cadmium-yellow. It makes no difference what you call its color, it is the yellowest of all Roses in the everblooming class. Belongs in the class of big Roses; has created a sensation wherever shown. Yes, and something more must be said about this Rose. It puts all the yellows to sleep when it comes to bedding in the garden. The golden-yellow color stays right with the flower until it fully finishes. Better get acquainted with "Sunburst." 25 cents; two-year plants, 50 cents.

"Home" Collection of Ever-Blooming Roses

ALL BEST KINDS.

PRICE FOR COLLECTION OF CHOICE "HOME" ROSES, ONLY 50 CENTS.

We have made a selection of the very best Roses for winter blooming, embracing a wide range of color. We recommend this collection to all who desire to grow Roses in the home during winter. Equally good for planting in the garden.

SAFARNO — The old standby for a winter bloomer; lovely saffron-colored buds of the most delicious fragrance.

PAPA GONTIER — Deep red; very free and sweet.

BRIDESMAID — This is a fit companion for the Bride. It is also planted by the millions for winter blooming. The best deep pink Rose for this purpose.

Remember this entire collection of "Home" Roses for only 50 cents. These six "Home" Roses in two-year size for only $1.25, or 25 cents each.
The “Excelsior” List of Everblooming Roses

New an Choice—for Outdoor Planting or House Culture

Price, 10 cents each; three for 25 cents; any seven of your own selection for 50 cents; any fifteen for $1.00. If you leave the selection of the varieties to us, we will send nine for 50 cents, or twenty for $1.00. Large two-year-old Roses from this list, 25 cents each, or five for $1.00.

For general planting, more especially in open ground, this class excels all others. One-year-old plants, such as we send by mail, bloom the first and each succeeding year from early spring until severe frosts. Two-year-old plants, of course, yield a greater profusion of flowers, owing to their size. The flowers are noted for their exquisite coloring and delightful fragrance; hardly everywhere found in open ground with protection of litter, leaves, evergreen boughs or similar materials. Plant liberally of one-year-old Roses; the harvest of bloom they give the first year compensates for the trifling outlay. Anyone can succeed with them.

“Excelsior” List of Roses of Special Merit

In Ordering Say “From ‘Excelsior’ List”

AGRIFFINA—Bright red; very free bloomer.
ALEXANDER HILL GRAY—Largest pure yellow; extra.
ALLIANCE FRANCO-RUSSE—Golden-yellow, flushed crimson.
ANDRE GABON—Pure rosy-carmine; large, full, globular.

WILLEM KNIPPIET—Brilliant velvety-crimson and crimson.
WHITE BOUGERE—Pure immaculate white. Extra.
WHITE KILLARNEY—Pure snow-white; extra.
WHITE MOULIN—Pure white, rich red; large; fine.
WHITE MALMAISON—Pure white, shaded lemon-yellow.
WHITE TESTOUT—Color pure white; large and fine.
WILLIAM NOTTING—Beautiful, large, pure white flowers; extra.
WILLIAM SHEAN—Purest pink; a gold medal Rose.
YELLOW MAMAN COCHET—Golden-yellow, flushed with an extra pink reverse.
YVONNE VACHEROT—Porcelain-white, retouched with red.

“Giant” Collection

OF TWO-YEAR-OLD ROSES FOR IMMEDIATE EFFECT

These large Roses have become so popular among our customers that we devote a great deal of room to them. Growth on the list is constantly heavy and bountiful. This fall we offer a heavy stock and offer great advantage in all respects for which we find many persons willing to incur the additional expense. We advise all of our friends to order at least a part of their giant Roses in this large two-year-old class. Plant them this fall.

GIANT COLLECTION—Four two-year-old everblooming Tea Roses, our selection, sent by mail, all different colors, for 90 cents.
“Famous” Rose Collection for Garden Planting

WE GUARANTEE THAT NO BETTER TWELVE ROSES FOR THE GARDEN WERE EVER OFFERED THAN THIS "FAMOUS" COLLECTION. TRY THEM. Price 10 cents each; any six for 50 cents; the entire twelve for 90 cents; two-year-old plants, 25 cents each; any six for $1.25; the entire twelve for $2.25.

HELEN GOOD (The Beauty Cochet)—What the introducers say: "This is a true Cochet Rose, and after two year's trial in the garden we pronounce it as good if not better than any Rose for the garden ever sent out. We bought the entire stock of this Rose, paying two dollars for two plants, this being by far the highest recorded price ever paid for any Rose. The color is a delicate yellow, suffused with pink, each petal edged deeper, very chaste and beautiful. The color, with its immense size and exquisite form, makes it without question the greatest Tea Rose ever introduced, and we are proud to have brought it out.

HELEN GOULD—A rich red Rose that is a great bloomer; the shade of red has been described best as a watermelon-red; elegant.

Kaiserin Augusta Victoria—A grand white garden Rose that has stood the test of time. Full and double; fine buds and flowers.

La France—This is claimed by many to be the queen of all the Roses; bright silvery-pink.

MAKAN COCHET (The Queen of All Garden Roses)—Such beauty and exquisite form as is possessed by this variety is well-nigh marvelous, and cannot be seen in any other Rose we know of. The buds are beautiful, large, full and firm and elegantly pointed; as they expand they show great depth and richness, sometimes measuring two and a half inches from base to tip. Flowers superb when open, extra large, perfectly double and of splendid substance. Small pot plants will in the open ground quickly make large, strong bushes and produce, on long, stiff stems, great numbers of perfect flowers that are enchanting in fragrance and delicate brightness. The color is rich, clear pink, changing to a silvery-rose. As we see it, one good Rose like any of the Cochets is worth a whole collection of poor ones at any price.

Soubier de Pres, Carnot—A grand Rose of the largest size; color a delicate fawn or salmon; extra fine. White Maman Cochet (No Finer Rose Than This)—The Rose attractive on account of the color, and in the time we ever saw it in flower. It is of the largest size, and as you will notice, the flower is built up, or 'rounded', and very double. The color is a pure snow-white. Sometimes outdoors it is tinged pink, which only adds to its great beauty. No Rose surpasses it in vigorous growth and in the immense size of its buds and flowers.

William R. Smith—This Rose has several names, such as Charles Dingen, Jeannette Heller, Maiden's Blush, etc. Color delicate blush. It has no superior as a garden Rose.

Our Best Rose Collection—Eighteen Ever-blooming Tea Roses, $1.00, Postage Prepaid

They will delight you with exquisite and abundant bloom. This offer cannot be excelled either in quantity or quality. This collection is strictly of our own selection, and we guarantee them to be well rooted, to reach you in good condition, and be a fine assortment of colors, all correctly labeled. This offer is only made to induce you to give us a trial, and it will be to your interest to send only a fine assortment of good Roses, well rooted, that are sure to bloom freely the first year. Try them this fall.

Climbing Tea and Noisette Roses

This class includes some of our most beautiful and valuable Roses. They are unusually free and continuous bloomers, producing flowers of rare and striking beauty. As these are all climbers, they should be placed near porches, pillars or trellises, where they have support. They are hardy in the South. Price, 10 cents each; three for 25 cents; any seven for 50 cents. Price of large two-year-old plants of Climbing Roses named below, 35 cents each; three for $1.00.

Climbing Belle Siebrecht—Rich shell-pink; inescent bloomers.

Climbing Bridesmaid—Clear rose-pink with crimson shadings.

Climbing Cloatilde Soupert—Ivory-white; center deep silvery-rose.

Climbing Deviennis—The Climbing Magnolia Rose; blush-white.

Climbing Gruss An Teplitz—Deepest bright scarlet.

Climbing Kaiserin Augusta Victoria—Ivory-white; elegant.

Climbing Killarney—Long pointed buds of clear Kil- larney-pink.

Climbing Liberty—Brilliant velvety crimson.

Climbing Mme. C. Testout—Clear shell-pink, edged silvery-rose.

Climbing Mlle. C. Brunner—Rosy-pink on creamywhite ground.

Climbing Meteor—The clone of all red Climbing Roses.

Climbing Papa Gontier—Bright coral-red; very fine.

Climbing Paul Neyron—(Madame Wagrain)—Clear red Rose.

Climbing Souv. De La Malmaison—Creamy-flesh; peach-pink center.

CLOTHE OF GOLD (Chromatella)—A clear golden-yellow.

Douglas De Aucland—Egg-yolk color.

A fine climbing Tea Rose, and one that is very popular on the Pacific Coast.

Etat de Claireville—Salmon-fawn color; very elegant.

Fortune's Double Yellow—Known in California as the San Rafael Rose.

Frances E. Willard—A pure snow-white Rose; none better.

Gaissborough—White, delicately tinted flesh; extra.

Gloire de Dijon—The old standby pink.

James Sprunt—Deep velvety-crimson; very double.

Champion City Greenhouses, Springfield, Ohio.
Polyantha, or Baby Rambler Roses

A class of miniature Roses derived from the Climbing Polyanthas. They are of dwarf habit and bloom so freely as to cover the entire plant with bloom all through summer and fall. The plants are splendid for bedding, or as edgings for borders they are hardy. Let us tell you something about these miniature Roses. While Europe has appreciated these Roses for years, America is just beginning to wake up to the fact that they have come to stay, and anyone who attempts to handle Roses without including this class will bump into something real hard. They are useful, either potted grown or for bedding purposes or for hedge effects. 10 cents each; three for 25 cents; two-year plants 35 cents each.

ANNA MULLER—The pink Baby Rambler; always in bloom.

BABY RAMBLER—Completely hides itself all summer; bright red.

BABY TAUSENSCHOEN—Its flowers are large so much like Tausendschoen that it has been rechristened "Baby Tausendschoen." It is a bush form of the "Climbing Tausendschoen," or "Thousand Beauties," having all the charm in the variable coloring in its flowers that its parent has, being firm white, delicately flushed pink, changing to deep rosy-carmine. This is a splendid Rose. Try it.

CATHERINE ZEMET—The White Baby Rambler; extra.

CORONET—Yellow, shaded with rose.

ELLEN FOULSON—Dark brilliant pink; fragrant; fine.

ERNA TESCHENDORF—A sport from "Madame Norbert Levavasseur," which it resembles with regard to habit of growth and foliage, etc. The flowers are of a deep crimson color, flushed with carmine, resembling the dazzling color of "An Teplitz." This variety does not lose its color in the hottest sun and has no purple shades. It has received many awards on the continent, and is said to be the darkest Polyantha in existence. It is much sought after in America to bloom in pots during the winter and for Easter time.

JESSIE—Bright cherry-crimson. Superb.

LE PONCEAU—Dark red in large clusters.

MADEMOISELLE CECILE BRUNNER—This is the popular Baby Pink Rose. In the past year or two this Rose has fairly jumped into popularity. It always was a popular outdoor Rose on the Pacific Coast, but recently even in the effete East and everywhere in America they are planting it simply by the hundreds. It is one of the most desirable cut flowers. It has become quite the rage. It makes a handsome miniature Rose, coming in sprays of three to five buds, and combines in beautiful effect with many other flowers in all kinds of floral work. It is a very prolific bloomer and if carefully protected in the winter should be a money-maker, both outdoors and under glass. The bud and flower are both handsome. Color blush, shaded light salmon-pink; distinct and desirable.

MARIE PAVIE—Elegant white flushed with pink.

MRS. WM. H. CUTBUSH—Flowers the delicate pink of Dorothy Perkins.

ORLEANS—The showiest and prettiest of all the Baby Rambler. This charming and dainty Rose is of beautifully rounded habit and is a huge bouquet of deep cerise or cerise-pink, in the center of which is a center of pure white; florets not crowded but of beautiful arrangement, making as a whole a charming combination that cannot be beaten. The color is irresistible. The plant grows like a weed and the flowers are nearly "immortelle" in their lasting qualities. We believe that they will last almost any other Rose in existence, and their stiff paper-like texture. This pretty Rose has taken Europe by storm and will make a sensation as soon as known in this country. Awarded a silver medal.

PAQUETETTE—Pure white; perfectly double.

PERLE D'OR—Coppery-orange, changing to fawn.

PRIMULA—The finest of all pink Polyanthas.

PRINCESS MARIE ADELAIDE—Completely hides itself with its beautiful deep pink flowers.

SCHNEEWITZEN—This is the famous "Snow-White," a profuse bloomer, pure white, in clusters.

New Varieties of Tender Climbing Roses

All of these new Climbing Roses in two-year-old plants, 50 cents each.

CLIMBING HENRY—In all respects excepting growth identical with the normal type from which it originated. Pure rich scarlet flowers. 25 cents.

CLIMBING WHITE MAMAN COCHET—This is a climbing form of White Cochet. Some flowers, same color; nothing beats it. 15 cents.

PINK PEARL—A fine Climbing Rose. Color a beautiful shell-pink enlivened with salmon. 25 cents.

Mme. Cecile Brunner.

LAMARQUE—Pure white; very double; an old standby.

MADAME JULES GRAVEREAUX—Deep yellow and rose-pouch.

MARECHAL NIEL—Magnificent golden-yellow. We have extra strong plants of Marechal Niel at $1.00 and $1.50 each.

PILLAR OF GOLD (E. Veyrat Hermanos)—Apricot and golden-yellow.

REINE MARIE HENRIETTE—Pure cherry-red; sweet scented.

REVE d'OR (Golden Chain or Climbing Safrano)—Orange yellow.

RUTH VESTAL (Climbing Bride)—Pure white; extra.

SOLFATARE—Clear sulphur-yellow; large, full, double.

STRIPE MARIE HENRIETTE (Madame Driot)—Rosy-carmine, striped vivid carmine. Extra.

WHITE BANKSIA, or LADY BANKS—Pure white; violet fragrance.

W. A. RICHARDSON—Orange-yellow; center coppery-yellow.

YELLOW BANKSIA, or LADY BANKS—Deep yellow; violet fragrance.

ZELIA PRADEL (Estella Pradel)—Lovely pure white flowers.
New Polyantha, or Baby Rambler Roses

AGATHE—Orange-yellow, suffused salmon. 20 cents.
BABY ELEGANCE—An elegant new "Baby Rose." Has single flowers of a beautiful lilac-rose color shading to Irish Elegance-yellow. Long stamens and free bloomer.
20 cents; two-year plants, 30 cents.
BONNIE BELLE—Enormous trusses of dark cherry-red flowers. Unusually long buds for a Polyantha. Worthy of trial. 20 cents; two-year plants, 30 cents.
BETSIE VAN NES—Color a bright pure red without any other markings or shades; has very double flowers. It was awarded the prize of honor at the great Rose Show in Bokshoop, Holland, July, 1913. 25 cents.
DEWDROP—Cherry-red; lasts a long time; grows easily, and bears double, 20 cents; two-year plants, 30 cents.
GEORGE ELGER—Orange-yellow buds opening to deep golden-yellow; growth upright. Very free-flowering. Flies even more than it colors. This is the first yellow Polyantha and should become as famous as Mile. Cecile Brunner. 25 cents; two-year plants, 50 cents.

Standard Varieties of Hybrid Perpetual Roses—Hardy Everywhere

Price, 15 cents each; four for 50 cents; ten for $1.00.

GLOIRE DES MARGIES—This beautiful bright red Rose simply hides itself with its huge clusters of blossoms. Great. 20 cents; two-year plants, 40 cents.
MEOAD SWEET—Salmon-rose, streaked with flashy orange threads; semi-double. Very fragrant. 20 cents; two-year plants, 40 cents.
MAMAN TURBAT—This wonderful new Rose bears gigantic trusses of from thirty to fifty flowers. The color is an Enochress-pink with golden-yellow shades. 25 cents.
PEACH BLOSSOM—A strong, upright growing Polyantha bearing well formed double flowers. Very large clusters with 100 to 150 buds and flowers of exquisite peach-blossom pink. 25 cents.
RODHATTE (Little Red Riding Hood)—Clear cherry-red, shaded deep crimson, with a lustrous finish, comes in immense clusters. Very vigorous and free-flowering. Fine for massing. The growth resembles the Hybrid Teas. 20 cents; two-year plants, 40 cents.

The Newer and More Scarce Hybrid Roses

Price, 20 cents each, except where noted. Two-year size, 50 cents each, except where noted. These Roses are hardy and suitable for planting in cold climates. All are extremely fragrant.

AMERICAN BEAUTY—Color red, with touches of crimson, and intensely fragrant. No Rose has a sweeter or more penetrating fragrance than American Beauty. A most beautiful Rose and a great favorite. 25 cents; two-year plants, 60 cents.
BARONESS ROTHSCILD—Clear bright pink; large; superb form. 25 cents; no two-year plants.
DUCHESS OF SUTHERLAND—Delicate warm rose-pink, with lemon-yellow shadings on the white base. Large and massive. 25 cents; two-year plants, 60 cents.
FRAU KARL DRUSCHKI—Best white Rose of all Roses.
GEORGE AIRENDS—See Pink Frau Karl Druschki.
GEORGE DICKSON—Velvety-black scarlet-crimson, with brilliant scarlet red tipped tips, with heavy and unique pure crimson-maron veining on the reverse. 50 cents; no two-year plants.
HEINRICH DICKSON—Soft pink; very large and full. This is the Rose that beat all comers at the Boskooop Show. 25 cents; two-year plants, 60 cents.
HIS MAJESTY (The King of Roses)—Dark, deep crimson; superb. Mr. Crowell, the noted rosarian, says the best of all Red Roses.
J. B. CLARK—An intense deep scarlet, shaded black.
KING GEORGE V.—Color rich blackish-crimson, flushed deep velvety-crimson. 35 cents; two-year plants, 50 cents.
MABEL MORRISON—Pure snow-white. 35 cents; no two-year plants.

GLOIRE DE MARGOTTIN—Clear, dazzling red; fragrant.
GLOIRE LYONNAISE—Pale shade of chamois or salmon-yellow.
GUSTAVE PIGANEAU—Carmine-lake; very large.
JOHN HOPPER—Color brilliant deep rose, shaded scarlet.
JUBILEE—Deep crimson-red and velvety-maron.
LOUIS VAN HOUTTE—Rich crimson, heavily shaded maroon.
MADAME ALFRED CARRIERE—Rich creamy-white, tinged yellow. A fine pillar Rose.
MME. CHAS. WOOD—Bright, rich, cherry-red; a free bloomer.
MME. MASSON—Color bright, rich crimson; a gom.
MADAME PLANTRIER—This is the iron-clad white ceme
tery Rose.
MAGNA CHARTA—Bright, clear, deep pink, flushed rose.
MARCHIESSES OF LORNE—Cup-shaped flowers; rich fulgent rose.
MARTSHALL P. WILDER—Scarlet-crimson, richly shaded maroon.
PAPA NEYRON—Lovely deep rose or bright pink; large.
PRINCE CAMILLE DE ROHAN—Deep, rich, velvety-
crimson.
ULRICH BRUNNER—Glowing crimson flushed with scarlet, VICK'S CAPRICE—Satiny-pink striped white and carmine.

His Majesty.
THE NEW HARDY CLIMBING ROSES

AMERICA PILLAR—A single flowering variety of great beauty, which appeals to everyone. The flowers are of enormous size, three to four inches across, of a lovely shade of apple-blossom-pink, with a clear white eye and cluster of yellow stamens. These flowers are borne in immense bunches, and a large plant in full bloom is a sight not easily forgotten. They last in perfection a long time, and are followed by brilliant red hips or berries, which are carried late into the winter; and as the plant frequently retains its lovely green foliage until the end of November, it forms a beautiful decorative subject throughout the autumn months.

20 cents; two-year plants, 50 cents.

CHRISTINE WRIGHT, or PINK CLIMBING AMERICAN BEAUTY—This is identical with the Red Climbing American Beauty described below this variety; flowers four inches in diameter, color bright, clear pink; immense. Try it; a fine companion for Climbing American Beauty. 25 cents; two-year plants, 60 cents.

CLIMBING AMERICAN BEAUTY—Same color, size and fragrance as American Beauty, with the addition of the climbing habit. Good for border, hedge, or for climbing walls. One of this new Rose will produce twenty times as many flowers in June as the old American Beauty, besides blooming occasionally during the summer. Blooms three to four inches across; has proved perfectly hardy and stands heat and drought as well as any Rose in our collection. This Rose has already made its mark. If ever planted it has pleased, until today we sell it by tens of thousands. 20 cents; two-year plants, 40 cents.

GARDENIA (The Hardy Marechal Niel)—This grand Rose has proved itself kindly in Virginia and Tennessee. It is a deep golden-yellow of the largest size. 50 cents each; two-year plants, $1.00.

HIAWATHA—There is no other Rose so brilliant as Hiawatha. It must be seen to be appreciated. Its flowers are about one and one-half inches across, and produced in large, pendulous sprays, with frequently from forty to fifty flowers on a spray. In color it is brilliant ruby-crimson, with white edges and a mass of golden stamens—a glowing combination of colors, which can be seen at a great distance, and which does not the eye eye out of sight. The bloom of Hiawatha. The plant is one of the strongest, most vigorous grower, with bright green, glossy foliage, which is retained until late in fall. 20 cents each; two-year plants, 40 cents.

RED DOROTHY PERKINS, or EXCELSA—It is a good deal better than the last, but are we within bounds when we describe Excelsa as a brilliant Crimson Rambler flower on glossy, varnished Wichuraiana foliage. The defects of Crimson Rambler are its unsightly foliage in unseasonable weather, and its defoliation by insects; the infusion of Wichuraiana blood assures an ornamental climber which is nearly evergreen, and this Red Dorothy Perkins is a new Rose, just as fine in its white as a pink Rose as Frau Karl Druschki is as a white Rose. Extra fine; brilliant clear pink. 25 cents; two-year plants, 60 cents.

Hardy Climbing Roses, Including the Ramblers

Price, 10 cents; any three for 25 cents; any seven for 50 cents. Two-year-old plants, 30 cents; four for $1.00.

AVIATEUR BLERIOT—Saffron-yellow, golden center.

BALTIMORE BELLE—Blush-white, in large clusters.

CAROLINE MARINIESE—Blush-white; very fine.

CLIMBING BABY RANBLER—Bright red; blooms all the time.

CRIMSON BABY RAMBLER—The flowers are in huge red clusters.

DR. W. VAN FLEET—Delicate shade of flesh-pink.

DOROTHY PERKINS—A beautiful shell-pink; full and handsome.

EMPERESS OF CHINA—Bright pink, in large clusters.

FLOWER OF FAIRFIELD—The everblooming Climbing Rambler.

Graf Zepelin—Coral-red; abundant bloomer.

Lady Gay—Very double, deep pink, in large clusters.

MARY WASHINGTON—Pure white; perfectly double; fine.

PHILADELPHIA RAMBLER—Clusters of darkest crimson.

PRAIRIE QUEEN—The old standby red climber.

RUSSEL'S COTTAGE—Dark red; double and full.

SEVEN SISTERS—Variable crimson to white; in clusters.

TENNESSEE BELLE—A bright rose-colored flower.

TIER—Creamy-white, producing large clusters.

WHITE DOROTHY PERKINS—Pure white, in immense clusters.

YELLOW RAMBLER (Aglaia)—Light lemon-yellow.
**NEW CENTURY**—A grand Rose that is entirely hardy, bearing beautiful silvery-pink flowers in clusters. This Rose is in bloom all the time. Extra fine for nurserymen.

**Pernetiana Roses or Austrian Briar**

A new family of Roses; native of the south of Europe. The varieties we offer are new, and were introduced by the great French rosarian, Pernet Ducher, and Wm. Paul & Son, of England. They resist the coldest weather and produce flowers in the greatest abundance, with strange colors not to be found in any other section of Roses.

**ARTHUR R. GOODWIN**—This is a genuine "Pernetiana," and is perfectly hardy everywhere. The color is coppery orange-red, passing to salmon-pink as the flowers expand. A superb combination of color; flowers medium to large and full. Should prove a most valuable Rose. As this variety grows from cuttings, we offer it on its own roots. 25 cents; two-year plants, 60 cents.

**MADAME EDWARD HERRIOTT**—"The Daily Mail Rose." Winner of the gold cup which was offered by the London Daily Mail, for the best new Rose, exhibited at the International Horticultural Exhibition, held in London, England, May, 1912 (this was the greatest horticultural exhibition ever held), and to be known as the Daily Mail Rose. In competition with the world's greatest rosarians this much coveted prize was awarded to M. Pernet Ducher for this wonderful novelty. It was again exhibited in London on May 1, 1915, at the exhibition of the National Rose Society of England, where it was awarded the Society's gold medal. This variety is said to be the progeny of an unnamed seedling of Caroline Testout, and an unnamed variety of the Pernetiana class. The plant is a strong, vigorous grower, of spreading, branching habit, with numerous long thorns and bronzy green foliage. M. Pernet Ducher describes its color as follows: "Buds coral-red, shaded with yellow at the base, the open flowers of medium size, double, are of a superb coral-red, shaded with yellow and bright rose-scarlet passing to a shrimp-red."

One of our American correspondents, a friend of the introducer, who had the pleasure of testing it in this country, says: "A wonderful Rose. The bud is long, slender and point-ed; the color is like sunshine on a copper-red metal." $1.00 each; two-year plants, $2.00 each.

**VISCOUNT ENFIELD**—Coppery old rose, shaded with yellow. The inner petals are deeply tinted with carmine, while the center ones are sometimes striped with yellow. Flowers large, full, elongated; very floriferous. 30 cents; two-year plants, 60 cents.

**WILLOWBANK**—Color rich shrimp-pink, shaded yellow in the center, and toning to carmine-pink towards the edges of the petals. Vigorous growth and erect, branching habit. Long, carmine, coral bud carried on long, stout flower stalks. Very large flower, full, and of elongated cup shape. A superb Rose. 35 cents each; two-year plants, 75 cents.

**Rugosa Roses**

The Rugosa Roses are natives of Japan, and are nearly all allied botanically to the microphylla Roses. They form sturdy, disease-resisting bushes, almost evergreen in the coldest climates. Fine for hedges. Hardy everywhere. 25 cents; two-year plants, 60 cents.

**SIR THOMAS LIPTON**—The best pure white Rugosa Rose. Strong and vigorous; grows four feet high. Flowers perfectly double, pure snow-white. Fragrant; borne on long stems continuously throughout the season. Absolutely hardy everywhere. Splendid for hedging, cemetery and park work.

**Miscellaneous Roses**

**AMOENA** (The Pink Flowering Cherokee Rose) — This wonderfully beautiful Laevigata or Cherokee Rose was raised in California, and it will sweep the state like wildfire when it is once known. The flowers are the same as the white flowering Cherokee, except that the color is a glowing pink with golden-yellow center. Resembles huge apple blossoms. Stock scarce. We have a fine lot. 15 cents; two-year-old, 50 cents.

**DOUBLE LAEVI GATA** (or the Double Flowering Cherokee)—A beautiful hardy Rose, bearing double white flowers; very fine. The foliage of this Rose is very distinct. 10 cents each; two-year-old plants, 50 cents.

**LAEVIGATA** (The Single White Cherokee Rose)—This is the famous Cherokee Rose so well known in California. Large, pure white flowers with center filled with golden-yellow anthers. 10 cents; two-year-old plants, 60 cents.

**WHITE BANKSIA, or Lady Banks**—A vigorous grower, in California growing to the top of tall trees and completely enveloping the entire tree; small double pure white flowers in clusters, with the true violet fragrance. Indeed, if one were blindfolded, they could not detect the odor from Violets. Very desirable. 15 cents; two-year plants, 50 cents.

**WICHURALANA, or MEMORIAL ROSE** (Dr. Wichura, of Japan, 1886)—It is difficult to conceive anything more appropriate, beautiful and enduring for covering graves and plots in cemeteries than the Hardy Memorial Rose. It creeps along the ground as closely as an Ivy. The flowers are produced in lavish profusion in July. They are single, pure white, with a golden-yellow disc, five to six inches in circumference. It is also immensely valuable as a climbing Rose, for covering arches, fences, etc. 10 cents each; two-year-old plants, 40 cents.

**YELLOW BANKSIA, or Lady Banks—Same as White Banksia, except color of bloom is sulphur-yellow.** Has the same delicious Violet fragrance. 15 cents; two-year plants 50 cents.

**Moss Roses**

These are probably a sport of the Cabbage Rose. They have always been favorites, for what can be more elegant fragrance. Perfectly hardy. 25 cents each; the four for 80 cents.

**ELIZABETH ROSE**—This is an old favorite, with its large deep pink buds well mossed. A beauty.

**HENRI MARTIN**—Large, full flower, of deep red; well mossed; fragrant.

**PRINCESS ADELAIDE**—Deep blush-pink, with buds that are thoroughly mossed. Origin of the double Moss Rose is left to conjecture. They are the buds of the Moss Rose and more delicious than its cents; two-year plants, 50 cents each, the four for $1.50.

**MOUSSELINE**—Pure white flower, buds heavily and beautifully mossed.
Splendid Peonies

"Aristocrat of the Flowers"

HARDY EVERYWHERE

"Peonies for Pleasure"

This book of "Peonies for Pleasure" gives information on Peony history; soil and plants to use; how and when to plant; fertilizers and how to apply, and describes the most extensive planting of really valuable Peonies ever gathered together under the sun; describes the old and the new, as well as the plebeian and aristocrat of the Peony family. If you want information on the plant that stands next to the Rose in beauty, that is practically known to the amateur as simply a red, white and pink Peony, then send for "Peonies for Pleasure."

The wonderful improvement made during recent years in these old-fashioned hardy plants has brought them into a renewed popularity. The gorgeous flowers, which rival the finest Roses in size, form and color, are produced in great abundance. After once being planted they require little care and attention, thrive anywhere, and are absolutely hardy even in the coldest climates; each year after planting they grow into greater value, producing more and more flowers. They are not troubled with insect pests. Try some of our fine Peonies, and see what grand flowers they are. Get it out of your head that they are only Red, White and Pink Peonies. To illustrate: at flowering time, people who visit our field will say, "I have Pink and White Peonies. I desire only Red ones," but when they are shown the pink and white they invariably exclaim, "How grand! I have none like them." There is as much difference in Peonies as there is in Roses.

Size of Roots The size of roots offered in this catalogue are divisions of two to five eyes. We cannot supply in any other sizes in the spring time. We would ask that our patrons order by number as well as by name to avoid mistakes.

SPECIAL COLLECTION OF PEOINES

To those who do not care for the nomenclature of the Peony we have made up several collections and here offer as an aid to making selections. Patrons will find these varieties embrace a wide range of color and form, and are exceptionally meritorious.

Any six of collection C for $3.75; the entire twelve of Collection C for $7.00.

Peonies to Color

Usually called Mixed Peonies, all Double Flowering.

Our Peonies to color you will find unsurpassed. They are fine large flowers with rich colors; free bloomers. The roots we offer are strong. Be sure and try them. We have these Peonies in white, red, pink and rose at 20 cents; three for 50 cents.

Seeding Peonies

You do not know what colored flowers you will get, but every one will be handsome; many of them will be single and resemble huge butterflies of white, red, pink, crimson, etc., while others will be double. Be sure and try some of these seedlings. Do not ask us to send any special color, as no one knows the color until they bloom. 25 cents; three for 50 cents; seven for $1.00.
Alphabetical List of Peonies

You may order by the number preceding the variety or by name, or, better still, in ordering use both number and name.

114—AGIDA (Origin unknown)—A grand bright red Peony as in contradiction to the crimsons that are so prevalent among the reds. Very bright and showy. A fine color. 35 cents.

12—ALBERT CROUSSE (Crousse, 1892)—Bomb type; late. Immense, very full convex bloom, as perfect in outline and contour as a Show or Fancy Dahlia flower; so perfect in shape is it that from stem to stem it forms a perfect ball. The petals are imbricated like a Carnation and overlap each other. The color is as wonderful as its form, and is best described as an even delicate sea- shell-pink, without deck or markings whatsoever; indeed it is rather a tint than a color or shade; in this regard it is indeed remarkable and unapproachable by any other variety. Scores easily the six points of excellence. 75 cents.

102—ASA GRAY (Crousse, 1886)—Large, full, imbricated Rose-formed bloom; grand petals salmon-deep; center very full and perfectly formed; flesh-pink, delicately dotted and flecked with carmine and lilac; strikingly imposing and valuable; a most unusual sort. From the formation of the flower it is designated as a double-decker. 50 cents.

229—AUGUSTIN D'HOUR (Calot, 1867). (Syn. Marechal MacMahon)—Bomb type; midseason. Extremely large, showy, perfectly built bloom; primary petals narrow and built up close and high. Color very deep, rich, brilliant salmon-red with slight silvery reflex; the largest of all red Peonies. Indispensable. This is as high a class a Peony in its way as Felix Crousse, although they are entirely different and in no way similar. It is a taller grower and larger flower than Felix Crousse. 75 cents.

132—AVALANCHE (Crousse, 1886)—Crown type; late midseason. It has taken some people a number of years to tumble to the fact that this is a first-class Peony. This magnificent variety opens like a Rose bud. Color pure snow-white, with a few delicate pencillings of carmine on the edge of the central petals; very waxy and chaste; fragrant. One of the most superb Peonies, in fact unsurpassed by any other white Peony. 50 cents.

2—BERLIOZ (Crousse, 1886)—Enormous, full globular imbricated bloom; bright currant-red; petals tipped silver. 35 cents.

118—BOULE DE NEIGE (Calot, 1862)—Semi-rose type; early midseason. Translated as "Ball of Snow." Large, cup-shaped and full bloom; center a ball of rose; petals pearl-white, with rose form. Color milk-white, with sulphur center, both guards and center prominently flecked crimson. Erect, tall grower; flowers of the purest white known. Maxima and is often sold for that variety. They are, however, easily distinguished, as Ball of Snow shows some stamens through the flower while Festiva Maxima never does. 35 cents.

11—CANARI (Guerin, 1861)—Bomb type; midseason. Primary petals very rich ruby-red, with edges shading to pure white, with deep primrose-yellow center. Collar next to guards white; a large bloom on tall stems; richly fragrant. One of the finest blooming of all Peonies. 35 cents.

34—CHARLEMAGNE (Crousse, 1886)—A Peony that has many admirers; blooms late. Color a delicate tint of lilac or heliotrope. Grand. 35 cents.

128—COURONNE D'OR (Calot, 1872)—Semi-rose type; late midseason. This is the famous Crown of Gold. Immense. Very full, imbricated ball-shaped bloom. Solid and compactly built from edge to center. Color snow-white reflecting golden sunlight; the stamens that show through the petals when looking at the flower from the side. These stamens light up the whole flower with a glow that is simply indescribable and which suggests the name "Crown of Gold." Absolutely without equal. A wonderful bloom in our fields exclaimed, "Why, Crown of Gold is Festiva Maxima dressed up in her wedding clothes." It is in our opinion the attainment of perfection in the Peony. 50 cents.

119—DOCTOR BOISDUVAL (Guerin, 1850)—Rose type; late midseason. This is the grandest of all Peonies. A degree of perfection not to be exceeded by any other varieties, of regular, fine form, with large rounded petals. A row or even a single plant of this Peony is conspicuous among the rest of the flower-garden. The stamens are the finest and most maroon coloring. Simply dazzling; nothing finer in all dark red varieties. It is a race between Dr. Boisduval and Felix Crousse as to which is the better Boisduval, although they in no way conflict, Dr. Boisduval being much the darker. 75 cents.

41—DUCHESSE DE NEMOURS (Calot, 1856)—Superb cup-shaped; sulphur-white flowers, fading to pure white. In all Peonies there is nothing so exquisitely chaste and beautiful as this variety in the half-open state; it excels as a cut flower. Don't omit it. Midseason. 35 cents.

95—EUGENE VERDIER (Calot, 1864). (Syn. Fossi Alba)—Semi-rose type; early. Do not confound the name of this variety with Eugene Verdier, who has devoted considerable time during the past ten years to the study of the Peony while they are blooming. I choose six hundred varieties I place Eugene Verder first and foremost. It has so many good qualities I hardly know where to begin to enumerate them. It is a strong, healthy grower, with bloom on three to four foot stems. The flower is enormously large for a Peony. Then its loose petals adds a distinctive charm never seen in the varieties crowded with petals. Its form is ideal, being flat, showing its great wealth of the petals and blending of coloring to fine advantage. What about its color? Simply indescribable. It opens a fresh delicate hydrangea-pink with primary petals lighter, crimson flushed crimson. The flower hangs on in perfection for two weeks, and often finishes with two-thirds of the flower paper-white, the other third in the center a decided hydrangea-pink. Words absolutely fail to convey an impression of its exceeding great beauty. Fragrant. Easily scores the six points of excellence." 75 cents.

25—FELIX CROUSSE (Crousse, 1881)—All Peony enthusiasts are familiar with the fact that it is difficult to get a red Peony that is a self color—that is, a full, rich, even shade of red without being suffused with a shade of another color. Felix Crousse fills the bill. A rich, even, brilliant ruby-red, exceptionally fiery, bright and effective; very large, full bell-shaped bloom. We place this in the front rank of all red Peonies—nothing like it in color. 50 cents.
159—LA PERLE (Crousse, 1885)—Rose type; midseason. Very large, compact, globular flowers; color white overlaid with lilac, with a blush; plant is not only highly flecked with carmine, sometimes splashed; tall, upright grower; free bloomer in clusters; excellent. If you desire a really pretty Peony try this one; it will not disappoint you. 75 cents.

160—LA CLÉ (Parsons, 1872).—(Syn. Multicolore)—Semi-rose type; midseason. Enormous globular, fragrant flowers, delicate blush-white shading to ivory-white, with red tip markings on outside of guard petals. Again we quote Harrison: "There is no Peony so attractive a bud as this. First a ball interlaced with green, red and white. As it grows these interlacing become more pronounced. There is no bloom whose unfolding you watch with greater interest. It finally opens a solid ball of softest blush with streaks of carmine. There it sits in all its beauty, a glorious flower in a chalice of veined maroon, emitting a delightful perfume." Our rows of this gave the appearance of a huge bank of flowers for fully two weeks. 75 cents.

275—L’INDISPENSABLE (Origin unknown)—Rose type; late midseason. A variety of unknown origin. An old line from Holland, and is greatly confused with Eugène Verdier, under which name we formerly offered it. It is a huge ball of delicate baby-pink. Has by far the most petals of any Peony in our collection. On the Pacific Slope this is sold to us at the list of all varieties. The past June it was at $5 a Peony as any in our entire collection. 75 cts.

132.—LINNE (Verdier, 1856)—Semi-rose type; midseason. Large, globular, compact bloom. Color Tyrrian-pink; guards slightly flecked with crimson; quite floriferous. At a reception here not long ago of Ladies’ cut with 3¼ foot stems placed in a vase four feet in height was more admired than any variety displayed, and there were some three thousand Peony blooms used. It is a wonder. 50 cents.

164.—LIMELIGHT (Crousse, 1879)—Rose type; late. Very full imbricated bloom; both buds and flowers are large and beautiful. Color pale lilac rose with small white dots, overlaid with crimson, very large clusters; upright, erect grower; fine cut flower variety. One of the prize winners. 75 cents.

32.—ADAMOISELLE LEONIE CALOT (Calot, 1881)—(Syn. Monsieur Jules Elle, Levesque, 1881)—Rose type; midseason. We had quite a number of people say that this was the prettiest flower in our collection. This is one of the grandest of Peonies, a tall plant with beautiful red tints and is such a free bloomer that it completely hides the plant; the coloring is so refined as to instantly attract attention, being a delicate rose-white with soft lilac-pink center, and numerous dots of faint Heliotrops-pink. These dots are so harmoniously blended with the coloring of the flowers as to add distinction to the bloom and beauty. Sea-shell-pink as seen at words can convey an idea of its coloring. Exquisitely superb. 35 cents.

276.—MARGUERITE GERARD (Crousse, 1895)—Semi-rose type; midseason. Globular flowers, blotched with carmine, blooming in clusters; color delicate Hydrangea-pink, changing as the flower ages to creamy-white. Many of the older petals are not quite regular and have minute dark carmine, almost black flecks on the tips; fragrant. Visitors to our fields pause in astonishment. We are advised that this flower is giving a lot of interest in the north and that it has no equal. This is a large, bold flower with a foot stem. Very hardy and most free blooming. 75 cents.

31.—MARIE LEMOINE (Calot, 1889)—Rose type; very late. Undoubtedly Calot’s masterpiece. The red tints are enormous and passive, often eight to ten inches across. Color ivory-white with occasional narrow carmine tracing on edge of some petals. The gigantic blooms come in very large clusters standing well above the foliage. A good commercial variety, and a sort the Peony enthusiast raves over, and well he may. We can supply twenty-five thousand Marie Lemoines at popular prices, guaranteeing every plant true to name. This is the absolutely indispensable Peony to any collection, large or small. 25 cents.

150—FESTIVA MAXIMA (Mielles, 1851)—This is not only the finest white in existence, but in most quarters it is regarded as the queen of all the Peonies. Mr. Harrison says: "This flower has reached the ultimate beyond which we cannot go." It combines enormous size with wondrous beauty, often seven to eight inches in diameter; color snow-white, flecked with an occasional clear purple spot on the edge of center petals; in addition, it is very fragrant; a glorious flower, impossible to describe; magnificent. 50 cents.

28.—FRAGRANTS (Sir Joseph Banks, 1885)—Soft delicate pink, interspersed with salmon; an exceedingly good, perfect bloom and a pretty flower; highly fragrant. 35 cents.

100.—JAMES KELWAY (Kelway, 1900)—Semi-rose type; early midseason. This gentleman has been masquerading under the name of Lady Derby for several years. Let us tell you if any man may be called a peach, this one is entitled to it. A very tall, vigorous plant bearing flowers of gigantic size, a veritable giant among giants. Very double and full, borne in immense clusters. Color pure white overlaid with a flush of delicate bridesmaid-pink, tinged yellow at the base of the petals. In addition to its other charms it is surpassingly fragrant and places it in the front rank of desirable Peonies, easily admitting it to the society of the "Best Forty." A truly regal flower and should never be omitted from any collection, large or small. Easily scores the six points of excellence. Not more than one plant sold to any one person. 75 cts.

46.—JENNY LIND (Parsons, 1860)—Bomb type; midseason. Large bloom on long stems; tall grower; free bloomer; color light pink with silvery reflex with narrow white petals interspersed with the center petalage. A most striking variety and one that has many admirers. 50 cents.

28.—LADY LEONORA BRAMWELL (Syn. Doctor Bromeau).—(Verdier, 1864)—Bomb type; early midseason. This is a charming, large, full and exceedingly fragrant flower of perfect symmetrical form. The color is delicate silvery-pink with lively pink centers; petals tipped cream-yellow-white with an occasional crimson fleck. In many localities is grown largely for cut flowers. 50 cents.

27.—L’ECLENTANTE (Calot, 1860)—Flowers double and full; color deep brilliant velvety-crimson. Extra fine. 35 cents.
Peony Mons. Jules Elie.

40—QUEEN VICTORIA (Syn. for Whitleyi.) (Whiteley, 1898)—Bomb type; early midseason. The very best every day white. When cut a first rate keeper. Flower of good substance and color; very pretty in the bud state, when it has a faint blush tint; an old standby. 35 cents.

Officinalis Section

These are earlier bloomers than the Chinensis Section. They are the old May-flowering Peonies of our mothers’ gardens. Price, 30 cents each; the three for 75 cents.

OFFICINALIS RUBRA (Fl. Pl.)—The old-fashioned early deep crimson variety of our grandmothers’ gardens.

OFFICINALIS ROSEA (Fl. Pl.)—Very large, well-formed bloom; color deep pink; very brilliant and effective.

OFFICINALIS ALBA (Mutilabilis)—White, striped with pink.

Tree Peonies

This is a remarkable species, developed from Peony Mouton, a native of China and Japan. In habit of growth it is not unlike a deciduous shrub—the growths are short and starchy, the plant eventually attaining a height of four or more feet and of large circumference; the foliage is quite handsome, and the immense flowers, which usually appear some two weeks ahead of the herbaceous class, are most remarkable for their immense size and gorgeous colorings. Splendid for grouping or for specimen plants on lawns. While a hardy plant, it will be found desirable to give it some protection in very cold latitudes. All shoots springing from the base should be rubbed off. We offer any color desired, our choice of varieties only, at $1.25 each.

REMEMBER

That so long as we can ship Peonies safely during the spring months we will do so; after it becomes too late we will file your order for them and ship in the full time.
Beautiful Lily-Cannas

Cannas are called the poor man's Orchid because one may possess a perfect riot of color in his yard or garden for the minimum of both outlay and labor. They grow rapidly and bloom luxuriantly throughout a long season, requiring merely ordinary hoeing and weeding, and they always respond to plenty of water. Soak the ground thoroughly, Plant a belt, of dessertal shape, in rows or in front of porches and foundation walls, their rich, tropical foliage and gaudy bloom will repay their care and the insignificant trouble of winter storage.

Novelties in Green-Leaved, Truss-Flowering Cannas

In the Truss-flowering Cannas, the individual flowers are them open at a time, thus making an immense bloom of great effectiveness.

DUKE OF YORK—Not the newest Canna, but the best pink. It blooms prodigiously. Immense heads of individual florets. A clear, even pink, with throat of cream, and rich, individual golden petals. Extremely beautiful and fascinating. 4½ ft. 20 cents.

FIREFIELD—This is by all means the very best red flowered Canna; gigantic trusses of immense flowers with petals 2½ inches to 3 inches and over across. The color is a clear, glistening scarlet without streaks or spots of any kind. Don't fail to try it. 4 ft. 50 cents.

GLADIOLIFLORA—Remarkable for the unusual shape of the flowers, which look like large Gladioli. Petals are rounded and so wide they overlap each other. Color is carmine-rose, edged with gold; beautiful. 2½ ft. 10 cents.

GUSTAV GUMPER—An ideal bedder, possessing the practical qualities of compact growth, free and continuous bloom with beautiful, well-cleaned heads; unexcelled by any. Petals held well above the foliage. Color, the richest kind of orange-yellow; extra. 3½ ft. 15 cents.

HAROLD HAELEY'S—Stunningly beautiful, in addition to the galaxy of Starka. Flowers large, of blazing scarlet. The throat is pure yellow, and with a narrow stripe of pure yellow around each wavy edged petal. 3½ ft. 20 cents.

HARRY LAING—Large, well rounded flowers of a rich glowing scarlet suffused with orange. 5 ft. 20 cents.

HUNGARY—This Canna catches the eye instantly and demands attention. The petals are round and waxy, made up into large round trusses. Its color forcibly suggests the well-known Paul Ney handled Rose, and unquestionably the most attractive and fascinating pink Canna ever produced. 3½ ft. 20 cents.

JENNIE WALLS FAHNUINE—This glorious combination of pink and primrose arouses enthusiasm always on account of its immense flowers and dainty coloring and unique markings. The tips of the petals are flaming carmine-pink which shades towards a throat of soft primrose delicately dappled pink, each petal faintly edged with gold. The effect is dainty, artistic and fascinating. 4½ ft. 25 cents.

KATE F. DEEMER—The grand flowers open a rich oriole-yellow, which gradually gives place to a turkey-red in the fall. This contrast is well marked with rest of the blossom, which turns almost white. Thus two colors of flowers will be on the same stalk at one time. This is the finest one of its kind, and is the most unusual of all Cannas. 4 ft. 20 cents.

LOVELINESS—The color of this exquisite Canna is most desirable. Large bright carmine-red flowers will convey the entrancing loveliness of this most charming variety. 3 ft. 25 cents.

MAID OF ORLEANS—Ground color is rich cream over which is shaded and motilled in beautiful fashion an attractive Enchantress-pink; flowers very large; extra fine. 4½ ft. 25 cents.

MARVEL—Flowers bright scarlet-red, edged with gold on inside of petals, outside of petals yellow streaked with scarlet, giving the whole flower an illuminating effect, as of light seen through stained glass, of striking effect. 3½ ft. 20 cents.

MRS. ALFRED F. CONRAD—A most remarkable variety, with exquisite salmon-pink flowers or largest size in erect and abundantly furnished heads. So freely produced as to keep up a superb show of its fine bloom for months above the rich green foliage; extra fine. 4 ft. 20 cents.

OLYMPIC—A captivating shade of orient-red with center shaded in a lighter shade of the same color. 5 ft. 25 cents.

QUEEN HELEN—Immense flowers that are as large as the Orchid-flowering Cannas. One flower will have a sheen of silver; immense heads of gigantic flowers. Superb. 4 ft. 25 cents.

ROSEA GIGANTEA—Extra large flowers, borne in such great abundance that the mass of color is truly amazing; a deep, rich rose, almost coral-carmine; soft and lovely; one of the most beautiful Cannas grown. 4 ft. 50 cents.

SPLENDOR—Two or three gigantic bloom heads on each stalk. The flower was produced out of an intense scarlet color. Magnificent. 25 cents.

ULHBERG— Entirely distinct and one of the finest flowering varieties we have ever grown. The flowers expand very full and are of a soft rich carmine color. 3 ft. 20 cents.

UNDINE—Bright orange-scarlet, broadly bordered with golden-yellow. The color is best described as a faneful figure in scarlet and gold. This the best of all gilt-edged Cannas. 4 ft. 20 cents.

WILLIAM BATES—Very large pure yellow flowers, very freely produced and held well above the foliage in trusses of great size. 20 cents.

Special Offer No. 66 The foregoing twenty new green-leaved, truss-flowering Cannas, costing $4.80, sent for only $4.00 net.

Standard Varieties of Green-Leaved, Truss-Flowering Cannas

BEACON—Great impressive heads of rich cardinal-red. 1½ ft. 15 cents.

CALIFORNIA—Large heads of rich carmine, a true rich orange or old gold. No other Canna color like it. 4 ft. 15 cents.

COMTE DE SACHS—Clear scarlet, the brightest of all red Cannas. 15 cents.

CRIMSON BEDDER—Dazzling crimson-scarlet, well displayed above the foliage. A conspicuous bedder. 3½ ft. 25 cents.

DR. ROBERT FUNKE—As bright as scarlet Sage; large heads. 4½ ft. 15 cents.

DUCHESS OF MANGLIO—One of the darkest flowered Cannas grown; rich crimson-maron. 4 ft.

FEUERMER—A brilliant fiery scarlet, remarkably fine. 4 ft.

FILOFLAMEN—Bright orange-scarlet, 4 ft.

FLORENCE VAUGHAN—Rich golden-yellow, thickly peppered with bright red spots. 3½ ft.

GARAM—Large bright carmine-red flowers freely produced. Very distinct. 4 ft. 15 cents.

GENERAL MERRIL—Scarlet, suffused with orange; base and edge of flower marbled with golden-yellow. 4 ft.

GLADIATOR—A very showy bedding Canna, with large flowers of brassy-yellow, speckled in bright red. The lower petal petal is a solid dark red, making a most striking contrast to the predominating yellow. 3½ ft. 4 cents.

J. D. EISELE—A flaming scarlet overlaid with orange. In trusses of enormous size. Constant bloomer. 3½ ft. 4 cents.

JEAN TISSOT—A rich shade of scarlet in large trusses. One of the brightest and best. 4 ft.

JOHANN KOSCH—Illuminating red brilliant blood-red. 3 ft.

KARL KIRSTEN—It throws its trusses of bright poppy-red high above the foliage. The combination of freedom and bright color makes this an exceptionally desirable sort for massing. 5 ft. 15 cents.

MADAME BERAT—Pure soft pink flowers. Extra. 3 ft.

MADAME CROZET—The popular bright scarlet, with narrow, thread-like margin of golden-yellow. The first dwarf ever-blooming French Canna ever sent out, and very few dealers have the true variety now. 3 ft.

MARTHA WASHINGTON—Color clear, bright rose-pink; a prodigious bloomer. 3½ ft.
MEPHISTO—A brilliant deep, rich red; a wonderfully satisfying Canna. 3½ feet.
MEET—immense trusses of large, rounded flowers, well displayed above the massive foliage; brilliant crimson. Flowers keep well and are self-cleaning. 4 feet. 15 cents.
PILLAR OF FIRE—Bright crimson-scarlet. Borne in erect spikes like blazing torches; fine. 6 feet.
PRINCE WIED—Feathered blood-red. 3 feet.
RICHARD VON MATT—A light shade of canary-yellow, almost an ecru, with delicate flecks of red; a lovely Canna. 4 feet.
ROBERT CHRISTY—Very free bloomer; a beautiful orange-scarlet.
SECRETaire CHABANNE—A distinct and pleasing salmon; a fine bedder. 3½ feet.
WEST VIRGINIA—Intense crimson-scarlet with broad yellow edge. 3½ feet. 15 cents.

Special Offer No. 33 The foregoing 27 standard Varieties of Green-leaved Truss-Flowering Cannas, costing $6.15, for only $2.50 net.

Bronze-Leaved, Truss-Flowering Cannas

Price, unless otherwise noted, 10 cents each; $1.00 per dozen.

DAVID HARE—Bright vermillion-scarlet, mottled with deep red, and with crinkly edged petals. 3½ feet.
DR. BUDINGER—Brilliant scarlet of large size. 4 feet.
E. ACREDKNECHT—Carmine-lake, suffused with deep carmine; a distinct new shade. 4 feet. 20 cents.
EGANDALE—A favorite bronze-leaved sort with soft currant-red flowers; fine. 3½ feet.

Special—KING HUMBERT

The Best of all Cannas.

In this grand Canna we have a combination of the highest type of flower with the finest bronze foliage. It has flowers as large as the Orchid-flowering Cannas. Six inches across, in trusses of gigantic size; of a brilliant orange-scarlet with bright red markings. The foliage is broad and massive, of a rich coppery-bronze; bold and effective. "King Humbert" is the one ideal Canna. 4½ feet. 15 cents.

KOROS—The color is unusual and attractive, a fine shade of orange-scarlet streaked and dotted with mahogany-carmine. 4 feet. 15 cents.
MOUNT ETTA—Magnificent dark purple foliage with large, bold, erect trusses. Color intense brilliant velvety crimson. 15 cents.

Grand Bargain Offer No. 77 We offer the seventy Cannas named in this catalogue, costing $10.85, for the small sum of $5.00 net. You will then have everything that is good in Cannas at the minimum cost. Try our Grand Bargain Offer No. 77.

Showing Cannas in Border.

MRS. GEORGE A. STROHLIN—Large amaranthine-red with massive bronze foliage. 5 feet.
PRESIDENT MEYER—A glorious Canna with huge flowers in immense trusses. Color, rich cerise-carmine. 4 feet.
WM. SAUNDERS—Flowers bright crimson-scarlet, often measuring five inches across. This is without question the best bronze-leaved scarlet Canna. 4 feet. 20 cents.

Special Offer No. 44 The foregoing 10 Bronze-leaved, Truss-flowering Cannas, costing $1.35, sent for only $1.10 net.

Giant Orchid-Flowering Cannas

A distinct race of Cannas noted for their immense Orchid-like flowers, often measuring six to seven inches across. The individual blooms of the Orchid-flowering Cannas are much larger than in the Truss-flowering Cannas. All of the Orchid-flowering Cannas are green-leaved except New York and Wyoming. Price, unless otherwise noted, 10 cents each; $1.00 per dozen.

ALLEMANIA—Ground color yellow, heavily dotted and overlaid with blood-orange. 6 feet.
ATLANTA—Brilliant orange-red, a vivid flame color. 5 feet.
AUSTRIA—Pure yellow with crimson markings in throat. Very fine. 4½ feet.
FREDERICK BARRY—Brilliant flowers; currant-red, bordered yellow, and pronounced orange throat. 5 feet. 15 cents.
INDIANA—Glistening golden-orange, lightened by flecks of old gold and dimly flecked and pencilled with deep rose. Single blossoms often six inches across. 5½ feet. 15 cents.
LONG BRANCH—Bright crimson, bordered golden-yellow; extra fine. 5 feet. 15 cents.
LOUISIANA—Flowers like beautiful Orchids; size often more than seven inches across and every inch a vivid scarlet. 5 feet.
MRS. CARL RELSEY—Full heads of enormous flowers. Orange-scarlet, wonderluflly flaked and striped with golden-yellow. 6 feet.

MRS. KATE GRAY—Large flowers, six inches across. Color or rich orange-scarlet, finely flaked and streaked with golden-yellow tints. 4½ feet.
NEW YORK—Bronze. Has five to six stalks of flowers at once on every well-fed plant, with flowers five inches across. Color bright scarlet. 4½ feet. 15 cents.
Pennsylvania—Intense vermillion-scarlet or pure red. The flowers are immense, often seven inches across. 5½ feet.
UNCLE SAM—The most stately of all Cannas; bears three or four enormous bunches of brilliant orange-scarlet flowers on each stalk. Received an award of merit from the Royal Horticultural Society of England. 6 feet. 15 cents.
WYOMING—Flowers a true orange-scarlet, without shades of crimson; very velvety, and often five to six inches in diameter, that flutter in the breeze like glinting silken flags. We consider this a grand Canna. 4 feet.

Special Offer No. 55 The foregoing 13 Orchid-flowering Cannas, costing $1.55, sent for only $1.25 net.
Beautiful House Ferns

To Decorate Your Porches During Summer and to Cheer Your Home During Winter

There are no plants grown that are more desirable for the house than the following fine decorative Ferns. They are easily grown, free from insects and disease, and thrive well in the ordinary temperature of the living room. See that the plants have plenty of drain and are kept well watered; never let dry out for any length of time. Every one of these Nephrolepis Ferns is entirely distinct in every way. They are henceforth known to the members of the house, and in every size are models of beauty for table decorations.

Fine young plants, 15 cents; large plants, 40 cents.

The “GOLD MEDAL FERN,” Nephrolepis Persooni—This Fern received the gold medal from the American Florists and Ornamental Horticulturists, and is the only gold medal ever awarded by them for any plant whatsoever. An entirely new form of the Fern. The pinnae subdivide, making miniature fronds which are superimposed on the main fronds, looking as if it were a thousand fronds all into one, giving the plant a graceful, feathery and plummy effect. Fine young plants, 15 cents; strong plants, 40 cents.

The "CRESTED FERN," Nephrolepis Scholzelt — It is a sport from Scotti, possessing the merits of that most popular variety, but with the addition of a frondlet that gives it a fine crested appearance. The fronds, like in Scotti, stand erect, with a graceful arch, forming a plant of ideal shape, and are several times the size of the other Fern; the plant a ragged appearance is as often the case with other plumed forms; furthermore, the loose, elegant arrangement of the fronds, and the absence of air through the foliage, prevents the center of the largest specimen from becoming defective or yellow. The smallest saleable plants perfectly express the beauty of the varieties and in every size are models of beauty for table decorations.

Fine young plants, 15 cents; large plants, 40 cents.

The "TEDDY JUNIOR" FERN.—Nephrolepis Teddy Junior — "Teddy Junior," the Fern for every household. This Fern is a dwarfed form and similar in habit to the Scotti but is far more attractive, and in fact it is a plant that appeals to everyone, and on that account will prove a much more valuable and profitable plant than the Boston Fern. It is a compact, vigorous grower that will thrive under almost any growing conditions, making an exceptionally rapid growth and producing a plant of rare beauty and perfection in the average dwelling house without special care or attention. It can be grown in a few inches of soil and will produce a plant in a few months. The new Fern makes the finest pedestal plant ever produced, and will prove indispensable for decorating dining room or living room and numerous other rooms in the house where limited space will not permit using large pots or varieties with longer fronds. Fine young plants, 25 cents; strong plants, 50 cents.

The “OSTRICH PLUME FERN,” Nephrolepis Whitmani — A great Fern. In fact this is a plant universally liked by everyone, and on that account will prove a much more valuable and profitable plant than the Boston Fern, which has had the greatest popularity of any decorative plant that has ever been grown, but which cannot be compared to the Ostrich Plume for beauty and general showiness. Everyone who has had it in his house has cherished it with the utmost care. As someone expressed it, "There is nothing like the Ostrich Plume Fern in cultivation. In decorative effect it so far outdistances the original variety that there is positively no comparison to be made. We consider it the most valuable novelty that has been introduced in many, many years." It has taken gold medals wherever shown. Fine young plants, 15 cents; strong plants, 50 cents.

The "NEWPORT FERN," Nephrolepis Scotti—Of much dwarfer and bushier growth than the Boston Fern. The fronds drop gracefully, and are not as long as the Boston. It is a rapid grower, and to see it in all stages of growth from a runner in the bend to a fourteen inch pot specimen will convince you that it will be in great demand as a house Fern. This has always been a favorite variety. Fine young plants, 15 cents; strong plants, 40 cents.
THE "LONDON FERN," Nephrolepis Todeoides—A feather fronded variety similar to the Ostrich Plume variety, the fronds being more stiff and erect and the plumes more finely divided. A fine Ostrich Plume sort, and we recommend it in all respects. Fine young plants, 15 cents; strong plants, 40 cents.

THE "FISH TAIL FERN," Nephrolepis Davalliodes Fuchs—This is a grand Fern, entirely distinct from any of the other varieties of Nephrolepsis. Throughout the South, and especially at New Orleans this Fern takes precedence over all others. The ends of the pinnae are so formed as to resemble a fish tail, giving the fronds a graceful appearance, very effective. It grows into the most shapely plant of any of the Nephrolepsis. Grand for house culture. Fine young plants, 20 cents; strong plants, 50 cents.

THE "BOSTON FERN," Nephrolepis Bostoniensis—In the vicinity of Boston, no other plant is so extensively used as this graceful Nephrolepsis, which differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, on account of which it is frequently called the "Boston Fern." This habit makes it an excellent plant to grow as a single specimen on a table or pedestal. This Fern should not be compared to the Old English Sword, as it is of an entirely different growth; both have their place and both are beautiful and desirable. Fine young plants, 15 cents; strong plants, 40 cents; extra strong plants, 60 cents.

THE "TARRYTOWN FERN," Nephrolepis Elegansissima Compacta—The fronds are considerably shorter than those of Elegansissima, and throw a great many more crowns, making it a very bushy, compact, symmetrical plant. It forms a round mass of foliage that makes it particularly desirable and valuable. One of the really great Ferns. Fine young plants 15 cents; strong plants 10 cents.

THE "PARLOR FERN," Nephrolepis Whitmanii Compacta—This is a condensed form of the "Ostrich Plume Fern," with valuable characteristics added which are not evident in the parent, the pinnae subdividing, making miniature fronds. These are superimposed on the main fronds, looking as if two or more were condensed into one. Graceful beyond description. Fine young plants, 15 cents.

THE "OLD ORIGINAL SWORD FERN," Nephrolepis Exaltata—This is the "Old original Sword Fern," the "daddy" of them all, the one plant from which all the other varieties of Nephrolepis are descended from the main fronds, looking as if two or more were condensed into one. Graceful beyond description. Fine young plants, 15 cents.

THE "FLUFFY RUFFLES FERN," Nephrolepis Superbissima—This new Fern is quite different from all other Ferns. Its distinguishing characteristics are its dark green foliage, darker than any other Fern, its dense growth, much more compact, and its irregular shaped fronds, which give it the name of "Fluffy Ruffles Fern." The fronds are very heavily imbricated, the pinnae overlapping, and are so formed as to resemble miniature Ferns, giving it the appearance of a Fern within a Fern. The plant is very sturdy in its habit and the fronds firm and rigid, never break down, so that it will stand more knocking around than any other Fern. Fine young plants, 25 cents; strong plants, 60 cents.

THE "BABY'S BREATH FERN," Nephrolepis Goodii—This has the finest foliage of all the Ferns. It is so delicate that a lady on seeing it exclaimed, "Call it the Baby's Breath Fern, as it is so dainty in texture that a baby's breath would set its fluffy foliage in motion." The fronds are very fine and filmy, on which account it has been called by some the Lace Fern. It is an improved variety and the best of its type. Nothing is daintier or more exquisite than well-grown specimens in any size. Our reputation for it that no Fern in existence can compare with "Baby's Breath" in fluffiness. Fine young plants, 25 cents; strong plants, 50 cents.

We have selected a few of the hardest and most satisfactory varieties for filling Fern Dishes, than which there is no prettier table decoration. Price, 10 cents each, or we will send six distinct Dwarf Ferns for 50 cents. We have six other distinct Dwarf Ferns. We will send the twelve for 75 cents. These will make a fine full Fern Dish for the following.

**Dwarf Ferns for Fern Dishes**

- **Adiantum Formosum**—The popular Maiden Hair Fern; very graceful and dainty.
- **Aspidium Tsussimense**—The most valuable for Fern Dishes. Strong, but dwarf and graceful habit, of good color and of the best keeping qualities. A lean, good grower, and very ornamental.
- **Pteris Adiantoides**—One of the finest Ferns. Has very decorative and handsome fronds.
- **Cyrtomium Falcatum, or Holly Fern**—A beautiful and rapidly growing Fern that succeeds exceedingly well, one of the finest Ferns in a short time. Fronds resemble branches of Holly, from which it takes its name.
- **Pteris Cretica Albo-Lineata**—A very pretty and useful variegated variety, with silver markings.
- **Pteris Wimsettii**—A beautiful low-growing Fern, suitable for table dishes.

The sixteen beautiful Ferns as named, costing $2.55, for $2.25.
Hardy Perennial Phlox

This is one of the most easily grown hardy perennials, and the large number of beautiful varieties now offered make it especially desirable. These noble flowers are not only beautiful as individuals, but the cheerful appearance of our gardens during the summer and autumn months is much indebted to them. They succeed in any position or soil, and can be used to advantage either as single specimens in the mixed border or as large clumps or beds on the lawn. To produce the best results, however, they should have a rich, deep and rather moist soil, and let each clump have a space of from two to three feet in which to develop. They thrive for several years with little attention, as is attested by the fine clumps about old homesteads. The ease with which they are cultivated, their entire hardiness and the extended time of blooming, combined with the varied and beautiful coloring, make them especially valuable for garden planting. The Perennial Phlox are more or less in bloom during the summer, and the brilliant with color until after several frosts have come. They are admirably adapted for cemetery planting, also for a low hedge or screen to hide old fences and unsightly objects. Do not fail to plant Phlox in the fall, any time from September until the ground is frozen. Price, 10 cents each; three for 25 cents; seven for 50 cents; fifteen for $1.00. The entire set of thirty-one distinct standard varieties of Hardy Phlox for $2.00.

**Standard List of Phlox**

<table>
<thead>
<tr>
<th>Variety</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>COQUELICOT</td>
<td>The finest and brightest red of all the Phlox; the color is a bright orange-scarlet.</td>
</tr>
<tr>
<td>DUCESCLIN</td>
<td>Rosy-lilac, distinctly rayed with lighter halo.</td>
</tr>
<tr>
<td>ESCLARMONDE</td>
<td>Clear rosy-lilac, deeper eye, exquisitely shaded.</td>
</tr>
<tr>
<td>ECLAIRER</td>
<td>Clear rosy-magenta with large lighter halo; large florets and magnificent bedder.</td>
</tr>
<tr>
<td>FIORETTA</td>
<td>Pure white, snow-white.</td>
</tr>
<tr>
<td>HUXLEY</td>
<td>A rich lavender; color fine.</td>
</tr>
<tr>

**New Varieties of Phlox**

Some wonderful creations in these newest Phlox. They will certainly be a revelation to you. 25 cents each, any three for 50 cents; six for 85 cents. The entire ten new Phlox, $1.25.

G. A. STROHLEIN—Orange-scarlet with bright carmine eye; extra large flowers in enormous trusses; a grand acquisition.

GENERAL VON HEUTZKE—Immense trusses of very large flowers; color of the most brilliant salmon-red, with white center; simply grand.

GRUPPENKONINGEN—Delicate pale rose-mauve with claret-red eye; extra fine.

INSPECTOR ELFEL—A startling variety; color deep salmon; florets extra size; will please everybody.

JULES CAMBON—Clear magenta with large distinct white star in center of each floret; superlatively rich and fine.

LE CYGNE—Large, fine florets and trusses of snow-white flowers; the best white.

RHYNSTROM—This new Phlox comes to us from Holland and holds the title of the best pink in existence, being a clear, bright, glossy pink.

STERBOLD—Bright vermilion-red overlaid with orange-scarlet, crimson red eye; will please everybody.

SEIMA (Tower of Eiffel)—Florets of largest size; trusses immense bouquets in themselves; color deep salmon shaded mauve with claret-red eye; superb.

VON HICHER—Extra large beautifully formed trusses of flowers. The ideal crimson Phlox, richest of its color.
Double Geraniums—The Best There Are

10 cents each, except where noted; any six priced at 10 cents for 50 cents.

ALPHONSE RICARD—A most beautiful shade of bright vermilion; large flowers and enormous trusses; a grand variety.

ANASTASIE LEOCADE—Beautiful florets and enormous trusses on ruffled flower. Stands the sun well.

COMTESSE DE HARCOURT—Beautiful florets and enormous trusses and foliage. A universal favorite.

CÔTE-D'ÉPINE—Beautiful shade of shrimp-pink, gradually shading to white; a universal favorite.

E. H. TREGO—A beautiful shade of dazzling scarlet with a pleasing soft, velvety finish on a saffron ground. Excellent. The trusses are so freely produced as to nearly conceal the foliage.

HERITAND—Double General Grant—Color of the flowers is a light vermilion-red of a most pleasing shade. The flowers are absolutely perfect in shape, contour and make-up, trusses exceptionally large and borne in immense spherical balls, often measuring eight inches in diameter. It does finely in the open ground, and is perfectly reliable as a bedding Geranium of the highest mass growth, a compact, dense growth, and has all the qualities that go to make the perfect bedder that it is. Fine also in pots. The very finest scarlet bedder.

HUBERT CHARRON—Center white; each petal is edged with rose-red. A lovely flower. 15 cents.

JEAN VIAUD—This is the best large-flowering double pink Geranium in cultivation. Anyone seeing a specimen truss cannot fail to be struck with the beauty of the flowers. It pronounces it the largest and finest Geranium in cultivation. The flowers are borne on bold trusses of enormous size, almost spherical, and as many as sixty florets have been counted on a single truss. The color is rich deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white.

LA MOCHE DE CASTELLANE—In this Geranium we believe we have the finest double white Geranium in cultivation. The flowers are borne in large trusses of the purest snow-white, retaining this pure white-mass growth; a plant of beauty, and for winter blooming they are all that can be desired. Do not fail to add this charming variety to your collection.

MADAME DE BARNEY—A perfect bloomer; florets of enormous size; color a deep, pure pink. A perfect bedder. 15 cents.

MADAME JAILIN—A continual bloomer; color daybreak pink, shading to a delicate peach-pink; enormous trusses.

MADAME DE DRAY—A distinct salmon-pink with a slight scarlet shading. Enormous trusses and florets borne on long stems.

MARQUISE DE CASTELLANE—This is a deep salmon in color; has a splendid habit, and the color is decidedly unique and bright for a Geranium. An exceptionally striking variety.

MARQUISE DE MONTMART—This is known as the Blue Geranium; it is more strictly speaking a rich purple; a striking color. 15 cents.

MISS FRANCES PERKINS—A constant bloomer of a charming deep rose-pink color, with a distinct white throat; stands the climate well.

MRS. LAWRENCE—This is one of the finest Geraniums. The color is an artistic shade of bright satiny salmon-pink, slightly tinged white. 15 cents.

Single Geraniums

None better than these Varieties. 15 cents each for 20; our selection of varieties, for 50 cents.

ALBION—One of the finest single whites. Pure in color; bears a circular form.

DGEDRYN—A most gorgeous flower borne profusely; bright crimson-red, shading to pure white throat.

GENERAL GRANT—The old standby as a bright red-bedding Geranium. It is a mass of scarlet all summer. It has no superior.

JULIA MARLOWE—Broad overlapping petals of bright scarlet, large and round, rounded variety.

L'AUBE—Enormous sized trusses, large, round florets, pure snow-white, retaining its pureness the entire season.

MADAME MOSNAY—A magnificent shade of red. Upper petals shaded violet to white center; unsurpassed.

MADAME B. DE MAISOIELLE ANASTASIE LECADRE—Rich crimson carmine-lake, shading through a maculated effect to a pure white center. Extra fine.

PAMELA—I immense round flowers, with a large, pure white center, shading through a maculated effect to a broad, distinct outer margin of crimson-lake.

Sweet-Scented Geraniums

10 cents each; three for 25 cents.

LEMON—The foliage is pronouncedly lemon-scented.

NUTMEG—Foliage has true nutmeg fragrance.

ROSE—The famous sweet rose-scented Geranium; very fragrant.

Ivy-Leaved Geraniums

These have a trailing habit, and are extra fine for basket, vase or porch-box work. 15 cents each; two for 25 cents; the five for 50 cents.

CAESAR FRANCK—Color is a magnificent shade of soft rich crimson, with an exquisite shading of tender rose at the base of petals.

INCOMPARABLE—A glorious bright red.

JOAN D'ARC—Flowers perfectly double; color pure snow-white.

MRS. BANKS—Flowers large, semi-double; color a pleasing shade of bluish-white, upper petals feathered Neyron pink on edge. Exceptionally strong and vigorous.

RACYRDF'S SURPRISE—Charming bright clear pink.

Pansy Geranium, Mrs. Layal

A Wonderful Plant.

This new and wonderful Pansy Geranium is of the easiest growth, dwarf in habit, and literally covered with flowers all the time; and as it requires little or no attention, it is invaluable as a window plant. The coloring and markings of the flowers are most extraordinary—light pink, white, dark purple, black, etc., almost rivaling the Pansy in uniqueness of flower. It is this combination of coloring which obtained for it the popular name of Pansy Geranium. Strong plants, ready to bloom, 20 cents each; three for 50 cents.

New Pansy Geranium, Bridesmaid

Same as above, but the color is a beautiful lavender bordered white. An entirely distinct color, and in every way as fine as Mrs. Layal. 20 cents; three for 50 cents.

The two Pansy Geraniums for 30 cents.
Pelargonium, or Lady Washington Geraniums

The grandest of all flowering plants; do not resemble the common Geraniums in any particular, neither in foliage nor flower; more beautiful in every way. We here offer twenty distinct sorts, every one entirely different in color and every one a beauty. The Lady Washington Geraniums are the handsomest of all flowers—once seen, never forgotten.

Easter Greeting Set

These are the latest varieties, and are practically ever-blooming. They do not fail to try these grand varieties. 30 cents each; the four Easter Greeting Set for $1.00.

EASTER GREETING—This new ever-blooming Pelargonium was shown at the Mannheim horticultural exhibition in Germany. Planted out as a bedding plant and bloomed continually until late in the fall. It will prove the forerunner of a new race of ever-blooming kinds, as it rivals the Orchids in beauty. The following description is from the German introducer, Carl Faiss: "This new species is the earliest of all Pelargoniums, with enormous florets and clusters, having light green foliage and of dwarf, robust growth. It blooms from March until fall. The florets are fiery amaranth-red, with five large, regular shaped spots. The first and only kind to bloom as well bedded out as in pots, and to do so all summer."

LUCY BECKER—This grand novelty is a sport of Easter Greeting, and is like it in everything but color, which is a rosy-pink. It is if anything even more free in bloom.

SWABIAN MAID (Schwabenmadchen)—This new sport of Easter Greeting has large, reddish-carmine flowers with five very regular black blotches bordered with purple-carmine. Very effective coloring. Its habit, foliage, robust growth, and ever-blooming qualities are like its parent Easter Greeting, and can therefore be grown either as a pot plant or bedded out.

WURTENBERGIA—Easter Greeting Sport. Medium size florets of a bright carmine, with large velvety, sharply defined blotches. Has all the good qualities of its parent. Equally valuable bedded out or as a pot plant.

The Rare Set of Pelargoniums

25 cents each; the four Rare Pelargoniums for 85 cents.

GARDENER’S JOY—The ground color is apple blossom-pink, the two upper petals have blotches of carbon-black; the petals are three and one-half inches in diameter and are joined to enormous clusters which rise above the beautiful foliage and remind one of a Rhododendron cluster. It is of a dwarf growth and very sturdy. On account of its rapid, luxuriant growth it is a very profitable market variety.

GERMAN GLORY (Deutscher Rum)—This splendid novelty is quite remontant, florets and cluster very large; ground color, Cattleya-blue, very much like the Cattleya Orchid. The upper petals contain two large purple maroon red spots, distinctly velvety. An exceedingly beautiful and entirely new color in Pelargoniums. This kind has a very robust growth.

PRINCE BISMARCK (Anderken an Kurz Bismarck)—Immensely large flowers, strongly colored, of fine shade, with from six to ten petals; color rich purple with velvety black blotches. Remarkably robust habit. The large clusters raise gracefully above the beautiful foliage. The blooming plant with its enormous flowers makes a striking impression.

WOLFGANG GOETHE—Florets large and slightly crimped, ground color reddish-carmine; with five well defined violet-black spots. Robust grower.

The Standard Set of Pelargoniums

The Standard Set of Pelargoniums, 20 cents each; the set of twelve for $2.00.

AMERICAN BELLE—A lovely American Beauty Rose bedded out large black blotch.

BRIDEGROOM—Rosy-blush, with maroon shading. Beautifully crimped flowers.

DOROTHY—It is a perpetual blooming variety, usually commencing to bloom in December or January, and continuing throughout the spring and summer. The throat and edges of the petals are pure white, each shaded towards the center with rich carmine-pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now we have a fine stock of plants to offer.

EMANUEL LIAS—Beautifully mottled rose and white, each petal elegantly fringed or crimped.

Pellargonium.
Our Grand Garden Dahlias

No garden is complete without a show of these brilliant and stately autumn flowers, and nothing gives greater return for so little money and care. We offer dry bulbs or tubers, but if stock of these becomes exhausted, will send started plants. We grow and sell fifteen acres of Dahlias each year.

Cactus Dahlia

So-called from their resemblance to Cactus flowers. They are characterized by long, narrow, pointed, tubular and twisted petals of graded lengths, giving the flowers a striking and graceful appearance. Grand for cut flowers. Except where noted, 15 cents each. The entire set of twelve Cactus Dahlias, costing $2.35, for $2.00.

ANOS PERRY—The best bright scarlet Cactus to date. Color purest flaming scarlet, long, narrow, twisted petals of irregular formation. The blooms are borne well above the foliage in the utmost profusion. Certainly a beauty. 25 cents.

CHARLES CLAYTON—The strongest words of praise are not extravagant of what is applied to this wonderful new Cactus. It is the ideal in color, form, length of stem and general good habits, beyond which it would seem little could be hoped for. The color is a most intense crimson, so vivid as to dazzle the eye; superb. 20 cents.

COUNTESS OF LONDSDALE—For perfection of bloom, erectness, color, size, abundance of flower, this variety has never yet been equalled. On several of the plants we have counted over 150 perfect blooms on one plant. Is there any other garden flower that can equal it? The color is a rich salmon pink, tinted apricot. 20 cents.

COUNTRY GIRL—Base of petals golden-yellow suffused with salmon-rose or old gold, which is deepest at tips of petals. 20 cents.

KRIEMHILDE—A most popular cut flower variety. Color a brilliant pink, shading to white in the center. 15 cents.

PRINCE OF YELLOWS—One of the best canary-yellows offered. 15 cents.

REV. ARTHUR T. BRIDGE—The colorings in this variety are extremely handsome, being a bright clear yellow, shading to tippings of rose-pink, 15 cents.

RHEINKONIG (Translated the Rhine King)—Pure snow-white flowers of splendiferous form; five inches and over in diameter, with a perfect flowering qualities when cut. A fine garden Dahlia. 25 cents.

SPRINGFIELD—A new Dahlia of our own introduction. It is our exclusive property. Of Lonsdale except in two essentials. It has a darker stem and the flowers instead of being a salmon-pink as in Lonsdale, Springfield is a rich apricot color, being described as Dolly). It is a free bloomer, no Dahlia is as pretty as Springfield. It lasts longer cut than any Dahlia we know. 35 cents.

Decorative Dahlias

These come next to the Cactus as a cut flower. They are also very showy in the garden, being unusually free-blooming in make-up than the Cactus Dahlias, but not so formal as the Show varieties, being a happy medium between the two. Except where noted, 15 cents each. A fine set of twelve Decorative Dahlias, costing $2.35, for $1.90.

BLACK BEAUTY—Deep velvety-maroon, the blackest of all Dahlias. 20 cents.

DELICE—Its beautiful soft yet lively color a glowing rose-pink, together with its shape, makes it one of the prettiest in the group. 15 cents.

FRANK L. BESSETT—Color bright royal purple, shading to lavender-blue, an extremely early and profuse bloomer. 20 cents.

GOLDEN GIRL—A deep golden yellow, the same as found in the Golden Wedding Chrysanthemum. A gorgeous variety for the garden or for cut flowers. 25 cents.

LYNDHURST—One of the very best bright scarlets. Valuable for cutting. Large, perfectly formed, double to the center, with long stem. 25 cents.

MATCHLESS—Deep crimson, of large size; an early and late bloomer. This we consider one of the best ten Dahlias. 15 cents.

MADAME A. LUMIERE—Ground color white, suffused towards the ends of the petals with red, the tips pointed with crimson. 20 cents.

MRS. J. GARDNER CASSATT—A new rose-pink Dahlia that has attracted great attention. The flowers are of large size, darker by many to be the finest of all deep pink Dahlias. 25 cents.

Pink Dahlia, Delice.

PERLE DE LYON—A splendid white variety particularly valuable for cutting. Extra. 20 cents.

SOUVENIR DE GUSTAVE DOAZON—This is the largest of all Dahlias. A lovely shade of orange-red. A veritable giant among flowers. 20 cents.

WILLIAM AGNEW—Intense glistening crimson-scarlet, of large size and gracefully recurving form. The most popular standard red. 20 cents.

Show and Fancy Dahlias

These are the old-fashioned Dahlias of our mothers' gardens. Perfect in shape and outline. Except where noted, 15 cents each. The entire set of twelve Show or Fan Dahlias, costing $2.35, for $1.85.

A. D. LIVONI—A splendid clear pink, beautifully quilled. 20 cents.

ARABELLA—Primrose-yellow, tipped and shaded old rose and lavender; very fine. 15 cents.

DOROTHY PEACOCK—The most exquisitely beautiful bright sea shell-pink Dahlia on earth. The flowers are of fine form, while the color is that beautiful live, clear pink that appeals to everyone. Whether as a plant in the garden or for cut flowers, this new Dahlia has been the delight and admiration of all who have seen it. 25 cents.

GRAND DUKE ALEXIS—This is one of the most delicately beautiful of all Dahlias. Very large, perfect form, with long, thick quilled petals overlapping at the ends. White, slightly tinged and suffused delicate lavender. Ethereally beautiful. 20 cents.

LUCY FAWCETT—Sulphur-yellow, striped and spotted carmine-rose. 20 cents.

PRINCESS VICTORIA—The earliest and finest flowering primrose-yellow. 15 cents.

QUEEN VICTORIA—Pure canary-yellow. One of the finest bloomers. Good for cutting. 15 cents.

ROBERT BROOKFIELD—Pure snow-white. Of large size. A very free bloomer. Good for cut flowers. We recommend this variety. 15 cents.

RED HUSSEAR—Pure cardinal-red; fine. 15 cents.

SUSAN—A beautiful delicate soft shell-pink of splendid form. 25 cents.

SYLVIA (or Dolly)—Flowers four to six inches in diameter; of fine form and full to the center, which is white, shaded to soft pink on the outer petals. In freedom of bloom next to the Countess of Lonsdale, A magnificent Dahlia. 20 cents.
Peony Flowered Dahlias

A new family of Dahlias originating in Holland. The artistic flowers are very large and are best compared to the semi-double Peonies in form. The gayest of all Dahlias for coloring. Price, except where noted, 25 cents each; the six Peony-flowered Dahlias, costing $1.60, for only $1.25.

BERNHA VON SUTTNER—Blush-rose tinted salmon-pink; fine.

GEISHA—The pride of the Peony-flowered Dahlias. This most sensational variety is the showiest and most attractive of this type in existence. The wonderful flowers are renowned for their excellent qualities; being exceptionally beautiful in color, perfect in form, grand in appearance and immense in size. The color of this acquisition is remarkable and attracts everybody’s attention. It is a superb combination of brilliant scarlet and gold with an exquisite ring of rich, clear yellow at the center. Occasionally the first flower comes fully double, but all that follow show that beautiful golden center which combines to make this flower the most charming. Its form is very original, consisting of peculiarly twisted and curled petals. The effect of these phenomenal flowers is most pleasing, giving this variety the supreme place as the showiest Dahlia in existence. 35 cents.

GERMINA—Large, fluffy, brilliant strawberry-red.

KING LEOPOLD—Light canary-yellow, shading lighter towards the edges.

MANNHEIM—Salmon-pink, illuminated with golden sheen.

QUEEN WILHELMINA—The flowers of this grand variety are snow-white, with a center of golden-yellow. They look like huge butterflies on the plant. They are so light and airy. Extra fine.

New French Hydrangeas

Let us tell our friends that these new French Hydrangeas are the most meritorious plants brought out in years. They have enormous trusses of bloom that completely hide the plant. They are half hardy and may be planted in the latitude of Philadelphia and in the Gulf and Pacific States. They are also fine as house plants, blooming in the spring time about Easter. When kept at a temperature of seventy degrees out of doors they bloom about June. Fine young plants, 20 cents each; strong plants, 40 cents.

E. G. HILL—This is the newest one and the very best, and is by far the very best pink that we have yet tried; trusses of immense size. Color a most pleasing shade of baby pink that does not fade. Growth vigorous, foliage large and attractive. It is one of the easiest to force into bloom during the spring, coming into flower early.

LA LORRAINE—Very large flowers; pale rose, turning to bright pink; has become a general favorite during the past two years.

MONT ROSE—Immensely panicled of clear flesh-rose, entirely distinct. One of the very best early flowering sorts.

Mlle. Renee Gailiard—Large very full panicles of milky-white, irregularly dentated flowers, which is certain to become popular; it is entirely distinct. One of the best growers of Hydrangeas says that this variety should really have been awarded the silver medal, given to Mme. Emile Mouillere last year as the best white.

Mme. Maurice HAMAR—A delicate flesh-rose color; a vigorous grower, the individual flowers as well as the trusses being very large; one of the easiest to force. Early.

MME. E. MOUILLER—This has been the favorite white variety in the New York market this year; very free flowering, of good size and form. Awarded silver medal at the National Flower Show at Boston last year. A great favorite with English growers, one London grower known to us handling over thirty thousand of this variety alone.

MOUSSELING, The Famous Blue Hydrangea—With us a beautiful plumbago-blue. The introducer describes it as a beautiful mauve-rose with cream-colored center; the flower heads are large and held erect; a decided acquisition. If you desire a beautiful deep blue Hydrangea flower set this.

OTAKA—The well-known forcing Hydrangea; flowers large, of a beautiful unique pink.

ROYALIST—Splendid rose-contrived flowers; entirely distinct. The best of the pinks.

SOUVENIR DE MME. E. CHAUVET—One of the very best, of splendid erect habit; very robust. Fine sized heads of bright rose-colored flowers. One of the very best of the Bouquet type.

Special Offer No. 53

The entire forty-six distinct varieties of Dahlias as catalogued, costing, if ordered singly, $9.75, sent for a remittance of $6.00 net.

New French Hydrangea, E. G. Hill.

Special Offer No. 48

The entire Set of Thirteen New French Hydrangeas in young plants, costing $2.60, for only $1.50 net. The thirteen Hydrangeas in strong plants, costing $5.25, for $3.00.
Carnation [The Divine Flower]

For beauty of flower and color, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the "Divine Flower." Plants in the open ground or in pots quickly make large specimens, and when brought indoors in the fall produce an abundance of flowers throughout the Carnation season. They are inexpensive; don't buy them—grow them yourself. Pinch the plant back frequently during the summer season. In the fall bring indoors, place in a four or five-inch pot, keep in a temperature of forty to fifty degrees at night, and they will yield an immense number of flowers with splendid stems, as fine as those sold by florists. If not pinched in the fall they will bloom profusely during the summer. We offer the finest varieties in existence. Your order is incomplete without some Carnations.

Excelsior Collection of Choice Carnations

10 cents each; three for 25 cents; seven for 50 cents; set of nine Excelsior Carnations, postpaid, for 65 cents.

AFTERGLOW—Very dwarf, and of a nice bushy growth, forcing very long flower stems, each individual flower possessing a stem varying from three to eight inches in length. It has perfectly formed flowers; color a rich, bright rosy-pink, large sized, with petals as tender as velvet, and can always be cut with a long stem, a most desirable feature in the colored Carnation nowadays.

BONFIRE—This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant dark red, shaded with richest maroon, fringed petals, nearly every flower bearing on a long stem! This variety surpasses in richness of color the most perfect Jacquiniet Roses.

DELLA FOX—Its color is almost indescribable. Of a rosy-orange shade, striped and flaked with carmine, never bursts its calyx, is very free and early flowering, and can always be cut with a long stem, a most desirable feature in the colored Carnation nowadays.

ESTELLE—One of the most fragrant Carnations we have seen. Color a clear, bright, glowing scarlet; a most continuous bloomer and distinct in color from any other sort offered. Very admired by all who have seen it grow perfectly. Plant of grand habit and vigorous growth. It is a superb variety.

ROSE PINK ENCHANTRESS—As large as the largest light pink ever offered. A few blooms last season measured nearly four inches. It has taken first prizes wherever offered.

WHITCOMB RILEY—The ground color is the finest blush, lightly penciled in soft pink. The bloom is fluffy in appearance, exquisitely beautiful in form. One of the grandest of all Carnations.

WHITE CLOUD—This is the largest white Carnation in cultivation—dies measures four inches in diameter, the flowers are of the purest white, with petals of great substance, making it one of the very best.

Monthly Carnations

"The Divine Flower"

HER MAJESTY—Purity of color fairly glistens all over the flower. Petals are simply perfect, size larger than any other white, stem the strongest and about thirty inches long. It is bound to become the standard white for both winter and summer blooming, as it will start blooming July 1st and continue until the same time a year later.

LADY BOUNTIFUL—Largest flowers of the purest immaculate white; large sized blooms. Valuable for garden planting and for pot culture. Very sweetly scented with that delightful old-fashioned clove fragrance.

MAE DAY—This is the largest Carnation ever offered. It is a wonderfully free bloomer, considering the monster sizes the flowers attain. White, overlaid with pink, reaching one of the largest size, floriferous to the last. A new Carnation.

MRS. THOS. W. LAWSON, The Sensational Carnation—The grandest pink Carnation, a true exhibition variety. Bloom large and spreading, stems strong and abundant. All newcomers will have to meet comparison with the Lawson. Very free for so large a flower. The Lawson is the queen of a class all her own, just as American Beauty is among Roses. No grower can afford to be without it. Thirty thousand dollars was paid for this variety; highest price ever paid for any flower.

"NOVELTY" COLLECTION OF CHOICE NEW

Price, 10 cents each; any three of your selection for 25 cents. This Novelty Collection of seven Monthly Ever-blooming Carnation Pinks, 50 cents.

VICTORY—Another grand new variety so distinct that it stands alone. Awarded the Lawson gold medal, also the S. A. F. medal at the Carnation Society’s convention. The flowers measure three and one-half inches when well grown. Long, strong stems, two to three feet. A healthy, vigorous grower. But its color—a glowing scarlet-crimson, intense and fiery with its rich ox-blood shading, far and away beyond all other Carnations.

ENCHANTRESS, The Great $10,000 Beauty—The great forward stride in Carnations is made more manifest in this than in any other since the advent of the Mrs. Thomas W. Lawson. It was raised by the same grower, and he pronounces Enchantress superior to it. The flowers are three and one-half to four inches across when well grown. The color is a superb shade of rosy-blush-pink.

GAIETY—Color pure white, with a few narrow pink pencillings about the edge and through the flower. Size large and full, form very round and symmetrical. One of the best producers, beginning to bloom early and continuing through the season without intermission.

Carnations from Excelsior and Novelty Sets.
Set of Prize Winning “Mums”

Special Offer No. 52
THE 20 PRIZE-WINNING “MUMS,” COSTING $2.75, FOR $2.00 Net

AUSTRALIAN GOLD—Deep golden-yellow with tones of bronze; of immense size; the petals are feathery, incurved and whorled. 10 cents.

BLACK HAWK—An extra fine deep crimson variety of the largest size; none of its color. 15 cents.

CHRISTMAS CHEER—This is one of the most brilliant Chrysanthemums. 20 cents.

CLÉMENTINE TOUSET—The most wonderful of all white “Mums.” Pure snow-white, often flushed pink; of immense size. 15 cents.

GOLDEN GLOW—Bright yellow, of velvety finish. Flower five and one-half inches in diameter. 10 cents.

GOOD GRACIOUS—This is the grandest of all pink Chrysanthemums. Its name originated from a lady on first seeing it exclaiming “Good Gracious!” 30 cents.

GOLDEN WEDDING—Nothing finer among yellows; shies like burnished gold. The standard for measuring yellows; of mammoth size. 15 cents.

JOHN SHRIMPTON—A rich red that has many admirers; of the largest size. Extra. 15 cents.

LAVENDER QUEEN—A lovely shade of pinkish-lilac. Very variable. 15 cents.

MAJOR BONAFON—One of the very best deep golden-yellow Chrysanthemums; beautiful flower, both in form and color; incurved. 15 cents.

MRS. MINNIE BAILEY—One of the grandest all pink Chrysanthemums. In finish it is exquisite, showing not the slightest trace of coarseness. 10 cents.

MRS. JEROME JONES—One of the finest white Chrysanthemums ever raised; flowers of exquisite form and finish; grand. 15 cents.

MRS. PERRIN—Still the brightest of all pinks. Beautifully formed. 10 cents.

MRS. O. P. BASSETT—A light lemon-yellow of the largest size; grand. 10 cents.

NAGoya—One of the largest and finest brilliant yellows in the whole Chrysanthemum family. 15 cents.

PERCY PLUMRIDGE—This grand variety has literally leaped into popularity. Flowers are so large as to startle you. The color shades from a few rows of lavender pearl to the richest pink. 15 cents.

ROBERT HALLIDAY—Flowers of mammoth size and deep golden-yellow; really a wonder. 10 cents.

Early Flowering Chrysanthemums

So many persons have asked for varieties of Chrysanthemums that would flower before frost comes in the fall. We here offer the very best early “Mums,” so you can see them flower in the garden. Price, 20 cts. each; the five for 85 cts.

CARRIE—Brightest yellow; large and fine.

ESTELLE—Pure snow-white; literally covers the plant.

GLORY OF THE PACIFIC—A lovely shade of brightest pink; large and fine.

MONROVIA—By far the best; very early; yellow, rich in coloration.

OCTOBER FROST—Purest snow-white; fairly glistens in its purity.

Ostrich Plume Chrysanthemums

Below we offer a grand collection of these Chrysanthemums. The term “Ostrich Plume” is applied to this type on account of the feathery growth with which the petals are thickly covered. Price, 15 cents each.

AUDREY (New)—Pure snow-white; ostrich plume. Elegant.

Hairy WONDER—Enormous terry-cotta, broad, spreading Japanese variety, with extremely wide cupping and incurving petals, which are covered with glandular hairs. Reported as the largest and best hairy ever exhibited. Habit, stem and foliage perfect.

LOUIS BOEHMER—A most beautiful shade of lavander-pink.

Hardy Pompon Chrysanthemums

These beautiful varieties are again very popular for outdoor bedding purposes. They are quite hardy, and with but a slight covering of leaves or coarse stable litter during the winter will take care of themselves after once planted, and produce an abundant, almost lavish, profusion of bloom; and the plants lend a coloration to the garden just at a time when other plants have been destroyed by frost and snow. These are their worst. Frost does not materially affect the flowering, and it will frequently happen that an armful of flowers can be cut after a sharp frost. Price, 15 cents each.

DINIZULA—Rosy-lake; very fine.

GOLDEN FLEECE—Large, bright lemon-yellow.

ELÉGANT—Deep pink, tipped and edged white.

GOLDEN CRESCENT—Beautiful; gold, shaded crimson; extra.

KADAH—Clear magenta; extra fine.

GOLDEN CRESCENT—Ran; deep purplish-rose.

RHO'DA—Bronzy-pink; fine.
Flowering Begonias

Begonias are fine for pot culture and to plant on the north side of the house or other building, or in front of porch flowers of bright shade. The foliage, as well as the flowers, are extremely ornamental, some being spotted and veined to give a parti-colored effect that is quite striking. Begonias planted with some of these varieties, for the purpose of being sold for their effects and this is heightened with their lovely showy flowers. Except where noted, 10 cents each; six for 50 cents; the set of sixteen, costing $2.20, sent for only $1.75 net.

ALBA PICTA—Long, pointed, slender leaves, thinly spotted with silver-white. Foliage small and elegant.

ALBA PERFECTA GRANDIFLORA—We doubt if there is a white-flowered variety that equals it. The foliage resembles Rubra in shape, but it is lighter green, while the flower petals are more bronze. It is a pure white flowering Begonia of much merit.

ARGENTEA GUTTATA—It has purple-bronze leaves, oblong in shape, with silvery markings, and is in every way a most beautiful Begonia. Produces white flowers in bunches on ends of growth stems. Good for house culture.

CORALLINE LUCERNE, The Wonderful New Flowering Begonia—This new Begonia has simply taken everybody who has seen it by storm. There was not a single lady or florist who visited our greenhouses this past spring that did not purchase this Begonia after they had seen it in flower. It certainly is a wonder. The blooms last from a month to six weeks, and are borne in immense clusters almost hiding the plant. The color is bright coral-red, changing to a delicate pink. It is past the power of speech to describe it. A wonder. Fine plants, 25 cents; strong plants, 40 cents; extra strong plants, 60 cents each.

DERMIS—This is the white-flowering Begonia Rubra. Very similar to it, but with white flowers.

FUCHSIOIDES COCCINEA—This beautiful plant makes handsome specimens, with its graceful branches and pendulous flowers, bright scarlet. Very dorcous.

GRACILIS LUMINOsa—Magnificent new specimen of the Semperflorens type, exceptionally sturdy and vigorous, and unquestionably one of the choicest bedding sorts in existence. Its flowers are large, perfect and plentiful, and never out of bloom. Color the brightest scarlet. 15 cents.

MRS. TOWNSEND—Here we have a grand new Begonia with broad metallic leaves; under side bronze-red. Flowers in large pinacles of a beautiful pink color. A grand Begonia. 15 cents.

MARGUERITE—Leaves a bronze-green, somewhat resembling Metallica, but growing in more bushy form, and easier to handle when grown in pots. Large trusses of light rose-colored flowers freely produced. 15 cents.

MARJORIE DAW, New Trailing Begonia—This Begonia is different from all other Begonias, for instead of growing upright it droops. It bears great clusters of large, shining pink flowers that droop from long stems, making a beautiful sight. Single specimen pot plants or for baskets and vases “Marjorie Daw” is proving one of the best plant introductions in recent years. 20 cents.

PICTA ROSEA—A wonderfully free-growing Begonia of sterile white and green leaves, edge of leaf is dark plant is very compact in growth, forming a dense, well proportioned bush with rich green foliage, spotted with silver. The flower is a rosy-red color, shaded with a silvery-pink and enlivened with dense clusters of yellow anthers. One of the most wonderful flowering Begonias within our knowledge. It blooms continually. 15 cents.

Large Leaved Begonias

Rex or Painted Leaf

Rex Begonias are grown exclusively for the great beauty of their foliage, which is large and beautifully variegated a peculiar silvery-metallic gloss. They make excellent pot plants, and are also effective for bedding in shady corners. They require light soil composed of rich loam, loose woods earth and sharp sand. They like a moist, warm atmosphere, but do not allow the sun to strike the leaves when wet, and do not grow well over water, or in close shade. Except where noted, 20 cents each; three priced at 20 cents for 50 cents.

BEAUTY OF RICHMOND—Dark green crown's feet center with broad band of silver, edged darker with silver dot. 20 cents.

BERTHA Mcgregor—Long pointed leaf with deep over water, color of leaf is dark bronze in shape of palm leaf; body of leaf solid silver. 20 cents.

PRESIDENT CARNOT—The leaf is of silky texture, and is beautifully spotted with silver; under side plum red. Very strong, free-growing variety, that will succeed with any ordinary care, growing rapidly and sending out quantities of beautiful corned flowers in large pendent panicles. 20 cents.

ROBUSTA—This is one of the most peculiar Begonias grown. The stalk, stem and under side of the leaf are Indian-red. The upper side of the leaf glossy olive-green. The flower is composed of two wide and two narrow petals, the wide ones being broadcast at the base and terminating in a round point, of a beautiful bright rose.

SANDERSONI—Bushy growing variety; glossy deep green leaves; flowers in clusters of drooping heart-shaped buds.

THURSTONI—The under side of the leaves is a rich purplish-red, the veining very prominent, while the face or upper side is a bronze-green, shaded with crimson and olive, with a peculiar glossy metallic luster over all. Flowers rosy-white, in large clusters well above the foliage. The plant has a fine habit. 15 cents.

VERNON—A deep rose flowering Begonia. Suitable for pot culture or for bedding out. Always in bloom.

Begonia. Pica Rosea.
Rex or Painted Leaf Begonias—Concluded

DUCHESS DE BRABANT—A dark bronze with striking silvery-white markings and margins; very effective. 

HER MAJESTY—Extra large leaf of silvery-white, dark center of starry effect, edged with same dark shade. 

KING OF REX (Magnifica)—Center and edge of leaf velvety emerald-green with a broad silver zone. The foli- 

age is massive and very striking. Everybody succeeds with it. Nothing handsome.

LEGOSIS—This is the finest and largest of any of the Rex family. It is impossible to describe in words the beautiful markings of this magnificent Begonia. Has a long pointed leaf, smooth surface, a deep bronze center surrounded with broad, delicate silver markings.

LORD PALMERSTON—Center and outer edge a deep olive-green divided by a band of bright pea-green with a de- cided metallic lustre.

LOUISE CLOSSON—This is the most brilliant colored of all the Rex Begonias; center of leaf a rich metallic-bronze with a luster all its own. This center is sur- rounded with a broad band of pink overlaid with a si- very sheen. Shines like satin. 25 cents.

MRS. S. H. MOON—One of the finest of the Rex family; a splendid grower and easy for the amateur to cultivate. The leaves are a combination of silvery-white, metallic-bronze and emerald-green. A beauty. None prettier.

QUEEN OF HANOVER—This is a great Begonia, produc- ing leaves that are distinct from the other Rex in shape. Color, texture, etc., a silvery metallic-green, distinctly marked. Simply grand. 25 cents.

QUEEN VICTORIA—A very beautiful Rex, the habit and growth is exceptionally free, making it an easy one to grow. Large, handsome leaves, strikingly marked with broad bands of alternate green, bronze and silvery- white.

RUTH FRIEDLEY—The greater part of the leaf of this variety is a silvery-white spotted and streaked with dark green on the margin of the leaves, overlaid with a metallic luster through which it is distinctly seen the rich coral-red effect when the light shines through the leaves. Elegant.

SILVER FLEECE—The entire leaf has a pinkish-metallic luster which makes it one of the most attractive varie- 

ties. The leaf is very large with a smooth edge, and the plant is a vigorous grower.

Special Offer No. 24 The entire set of four- teen distinct Rex Be- 
gonias, costing $2.05, for $2.00.

Tender Plants

Asparagus Plumosus Hatcheri

The New Lace Fern. 

It would hardly be possible to praise this new type too much, and it has already made a name for itself among the most critical growers. It is of very rapid growth, the fronds set closer on the stems than the very best type of Plumosus Nanus, making a fuller, heavier string, and when cut lasts longer in good condition than any other, and is just as good for bunching as the old sort. We will not be surprised if it quickly becomes the leading variety. 16 cents; strong plants, 40 cents.

Asparagus Plumosus Nanus

The Lace Fern. 

This graceful climber has to a great extent taken the place of the once popular Smilax in all fine decoration. It possesses the advantage of being much more graceful—its foliage being finer than that of the most delicate Fern—and it will last for weeks after being cut, the whole plant being of a bright, cheerful green. Excellent house plants, suc- ceeding under almost any condi- tions; by pruning back may 

be grown as a plant, 10 cents each for fine plants; large, strong plants, 35 cents each.

Asparagus Sprengeri

The Emerald Feather Fern. 

A most desirable species, especially useful to grow as a pot plant for decorative purposes or for planting in baskets or vases. The fronds are frequently four feet long, of a rich shade of green, and most useful for cutting, retaining their freshness for weeks after being cut. It will make an excellent house plant, as it with- 

stands dry atmosphere and will suc- 

cceed in almost any situation. 10 cents each, three for 25 cents; strong plants, 25 cents.

SPECIAL OFFER NO. 12.

The three Asparagus for 30 cents. 

The three in strong plants for 85 cts.

Plants in This List Will Not Stand Frost

Bruguaiansia, or Angel’s Trumpet

Here is a plant for the masses. It grows easily, blooms freely, and the flower is something to be proud of. The Bruguaiansia blooms indoors in winter and in the garden in summer. The leaves are long, tapering, with blooms eight inches long by six inches wide at the mouth, resembling a trumpet, hence the name, “Angel’s Trumpet.”

Very hardy, vigorous, and as fragrant as a Jasmine. Fine plants, 25 cents.

New Giant Coleus, Christmas Gem

(“Brilliants,” or Dr. Ross). 

Leaves Immense, eight to twelve inches long, looks like a Rex Begonia, and is just as beautiful. Cannot be ex- 

ceeded. Name aptly describes the ap- 

pearance of this variety, which belongs to the giant-leaved section; of strong, vigorous habit, growing from two to three feet high, with leaves often nine to ten inches long, which are of bright carmine, shading off to a deep maroon, the margin being yel- 

low and green, the whole leaf hav- 

ing a rich velvety luster. 20 cents; 

three for 50 cents.

The Wonderful New Coleus 

Trailing Sensation

This Coleus is an entirely new break, as no one ever before heard of a Coleus that trailed. It is the first and only one with this habit. The foliage is most glorious, having a large, distinct center of bright pink or red, with a broad border of emerald-green. No plant is more suitable or showy for hanging bask- 

ets, window boxes, vases, or for pot- 

culture than this one, as its graceful branches hang in lovely festoons two to three feet in length. Coleus Trail- 

ing Sensation is in a class by itself. 20 cents each. Put several plants in a basket and see how lovely a plant may become.
Camellia Japonica

Camellia is considered the queen flower of the South, and is called the "Japonica." During the month of May immense trees can be seen in full bloom, making the most gorgeous sights to behold. Their dark purple leaves contrast beautifully with the waxy-like blooms, which come in pink, white, rose, carmine and variegated shades. No garden is complete without them, as they are quite hardy in the southern states and require no protection or care. They are called the Royal Family of greenhouse plants. Time of blooming is in winter and early spring. Requires a moderate and uniform temperature, with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. We offer splendid plants, bushy, well-grown specimens, and all in splendid health. The varieties and their prices are a list of a considerable collection. Plants two to two and one-half feet high, $1.00 each; the set of twelve distinct kinds for $10.00; any four for $5.75. All our Camellias are double-flowered. We can supply fifteen sorts other than the twelve named at same price, all fine varieties, by express at your expense.

CHANTERELLE ELEGANS—Lively red, spotted pure white.
COUNTESS LAVINIA MAGGI—Pure white, striped red.
DONKELAAI EUGENE LIZE—Clear red, spotted with white.
DUCHESS DE CAZI—Carnation-pink, veined rose, bordered white.
ELEPHANT—Carmine, striped white; very rich.
MADAME LELOIS—Clear red.
MADAME LELOIS—Clear red, better than Alba Plena; much freer in bloom. Extra pure white. The grandest of all Camellias.
PERUVIAN ROSE—Color beautiful transparent rose; grand.
PRINCESS BACCIOCHI—Dark red.
PRINCESS CLOTHILDE—Clear pink, striped red.
SACO NOVA—Delicate transparent pink. Ethereally beautiful.

Crotos

Nothing can exceed the beauty and richness of coloring that is found in this class of plants. They are beautiful pot plants for the conservatory, making very handsome specimens for decorative and exhibition purposes. They are used extensively as bedding plants, for which purpose they are exceptionally well adapted. They should be planted full sun in position where they can be more liberally supplied with water, which develops the most wonderful coloring in the foliage. Undoubtedly the most interesting and showiest bedding in our Springfield yards the past few years are made with the Crotos. They are fine for basket or vase work. Where we used to sell dozens we now ship thousands. Leave the selection of varieties to us. We do not sell any inferior varieties; Crotos, 15 cents each; three for 40 cents; six for 75 cents; 12 for $1.25.

Fuchsia, or Ladies’ Eardrops

Price, 15 cents; the set of four for 50 cents.

BLACK PRINCE—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a lovely bush, is robust in growth, free from disease, insects, and is probably the freest in blooming. We have seen specimens plants six feet in height and four feet across loaded with thousands of bright buds and blossoms of a beautiful waxy carmine or pink color. Certainly a plant of easy culture.

ENFANT PRODIGY—A grand Fuchsia; bright red sepal, deep purple corolla.

MONSTROSA—Of the largest size; scarlet sepal, double deep white corolla.

SPECIOSA—Doing its best and compact, presenting a decidedly neat and attractive appearance as a pot plant, the fine star-shaped flowers are produced in profusion, and again when plants are quite young. The flowers are three inches or more in length; tube and sepal bright rose, corolla brilliant carmine; it blooms quite freely.

Coleus—General Assortment

We have a collection of thirty kinds of the most distinct sorts. Leave the selection of varieties to us, as it is hard to describe the various tints. 5 cents each; any six for 25 cents; any twelve for 50 cents; twenty-five distinct varieties for $1.00.

These are all good bedding, standing the hot sun without losing their color. Price of Coleus by the hundred when sent by express, $8.00, you to pay the expressage.

Leopard Plant

(FARFUGIUM GRANDE).

A decidedly striking and effective plant. Is also known as the Leopard Geranium. Fine for house culture; easy to grow. Also fine out of doors, hardly as far north as Tennessee. Leaves ten to twelve inches across, distinctly marked with creamy-white and yellow spots. 40 cents each.

Oleanders

These old-fashioned shrubs are becoming immensely popular again. We are growing and selling them by thousands. No plant makes more handsome specimens in tubs for the conservatory or yard. Can be wintered in the cellar. Except where noted, 15 cents each; the set of four Oleanders for 50 cents.

LUTEA—Has double primrose-yellow flowers of a lovely shade, also fragrant. Scarce.

ROSEA—Has double pink flowers. The old favorite. Very sweet.

ROSEA VARIEGATA—Foliage is green, deeply edged with yellow; pink florets. 20 cents.

LILIAN HENDERSON—Has double white flowers of the largest size. Fragrant like the old double pink of Florida. The four different colors of Oleanders for 50 cents.

Empress Pansies

Our Empress Pansies are the best the world produces. They are the choicest large-flowering sorts, both of European and American growers. It has been our aim to make this the finest strain of this favored flower in existence. 5 cents each; six for 20 cents; 35 cents per dozen; forty for $1.00, net.

Beautiful Dwarf Ornamental

Otaheite Orange

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy deep green foliage; each fruit has a thick, ruddy skin, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much-sought-for blooms of the Southern Orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree their sweetness. This unique Orange cannot be equalled as a winter-blooming pot plant for house culture. Requires but little sunlight, and fruits and flowers when but twelve to fifteen inches from the plant. As a pot plant, this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants you can have an abundance of the far-famed delicate and fragrant Orange-blossoms. We have grown a large stock of clean, vigorous plants of this beautiful Orange that will bloom and fruit at once. We commend it to our friends as a novelty of sterling worth and merit. Fine plants, 15 cents each; strong plants, 25 cents each; extra large, strong plants, ready to bloom and bear profusely, 50 cents each.

Fuchsia, or Ladies’ Eardrops

Price, 15 cents; the set of four for 50 cents.

BLACK PRINCE—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a lovely bush, is robust in growth, free from disease, insects, and is probably the freest in blooming. We have seen specimens plants six feet in height and four feet across loaded with thousands of bright buds and blooms of a beautiful waxy carmine or pink color. Certainly a plant of easy culture.

ENFANT PRODIGY—A grand Fuchsia; bright red sepal, deep purple corolla.

MONSTROSA—Of the largest size; scarlet sepal, double deep white corolla.

SPECIOSA—Doing its best and compact, presenting a decidedly neat and attractive appearance as a pot plant, the fine star-shaped flowers are produced in profusion, and again when plants are quite young. The flowers are three inches or more in length; tube and sepal bright rose, corolla brilliant carmine; it blooms quite freely.
TENDER PLANTS—Continued

The Wonderful New

Lemon Ponderosa

Our New Ponderosa Lemon is what we claim for it. Largest freest-blooming, fruiting and most delicious of all Lemons.

Nothing that has ever been brought to our notice in the plant line has caused half the interest that this wonderful Lemon has. It is a true ever-blooming variety. On a plant six feet high no less than eighty-nine of the ponderous Lemons were growing at one time. It was a beautiful sight to see. This plant was blooming, and at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true ever-bearer. Fruit has been taken from this tree weighing over four pounds. The Lemons have very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes cannot be excelled. We have the entire stock of this Ponderosa Lemon, and guarantee the trees to produce the same large fruit. No budding or grafting necessary. Ponderosa Lemon is sure to become popular when it is known. It fruits when quite small, and makes a lovely house plant. Everybody can grow his own lemon; it will fruit freely each year. Thrifty young plants, 15 cents each; strong one-year-old plants, many of which will fruit this year, 25 cents; strong two-year-old plants, 50 cents each.

Ever-Blooming Tritoma Pfitzerii

The greatest bedding plant ever introduced, surpassing the finest Cannas for attractiveness and brilliancy, equal to the Gladiolus as a cut flower, and blooms incessantly from June 1st to November. Plants perfectly hardy in open ground all winter south of Philadelphia. Further north they must be protected or wintered in the cellar like the old-fashioned Primroses. Just bury the roots in sand, nothing more is required. Should be planted out very early in the spring; and will commencement grow and bloom at once, growing larger and finer every day. Plants should be two feet apart and ten inches in the line, each holding at a height of three to four feet a cluster of flame-colored flowers of indescribable beauty and brilliancy. Each cluster keeps perfect several weeks, and when it fades several more are ready to take its place. Fall frosts do not kill it or stop its blooming; and it is as brilliant as ever long after all other garden flowers have been killed. It is unsurpassed, and the beautiful long spikes keep several weeks in water. Strong plants that will bloom the first summer, 15 cents; two for 25 cents.

Chinese Hibiscus

Price, 15 cents each; any four for 50 cents. We have large plants of Hibiscus, ready to bloom, for 35 cents. These are handsome plants.

SINENSIS GIGANTEUS—This is a plant for house cultivation during winter; for potting in summer, or for planting outside during summer. It blooms at all times of the year. The plants branch freely and flower profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such vivid crimson-scarlet color that they can be seen from a long distance like a flaming torch. They can be wintered in the cellar or pot with perfect safety, and if planted one does not care to grow them all winter, one should have one or two for summer display.

GRANDIFLORUS—Rich, glossy, cut-leaved foliage, literally covering the plant with scarlet-crimson flowers.

SUB-VIOLACEUS—Flowers of enormous size, beautiful carmine, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer. The foliage is perfectly suited for best positions in the garden.

DOUBLE CRIMSON—This grand variety has immense flowers of the richest crimson; combined with glossy foliage, renders it the best of all.

AURANTICOLOR—Large and double with orange-colored flowers.

CARMINIATUS PERFECTUS—Full, round flowers of perfectly round shape and of a rich, soft carmine-red, with a deep crimson eye; fully six inches in diameter.

COLERII—Flowers buff-yellow, with a crimson-scarlet border. Very regularly handsome and double.

VERSICOLOR—A variety combining in its flowers all the colors of the white family, being handsomely striped crimson, buff, rose and white. Flowers eight inches in diameter.

SPECIAL OFFER—We will send the entire set of nine distinct kinds of Hibiscus, including Peachblow, for $1.25.

New Pink Hibiscus, "Peachblow"

The flowers are double and from four to five inches in diameter, of a charming, rich, clear pink color, with small deep crimson center. It is one of the finest flowering plant novelties recently offered. The color is an entirely new and beautiful shade, and it blooms abundantly and continuously during the summer and fall months. Large plants two and three years old make a magnificent show. It will give general satisfaction to those who grow it, either in pots or planted out in the garden. It blooms well in the winter in the greenhouse or in any sunny window. 20 cents; strong, fine plants, 40 cents.

Peperomia Muscosa

OR WATERMELON BEGONIA

This is also known as the Silver-leaved Begonia. Here is a most beautiful plant for pot culture; easy to grow and thrive anywhere; leaves deep olive-green, distinctly marked with silvery-white. Thick and waxy-like; leaves distinctly variegated white and green, and have the appearance of being powdered with frosted silver. 15 cents.

Beautiful and Fragrant Violets

Of all the delightful perfumes that of Sweet Violets is the most delicate and pleasing. If grown in the house for winter flowers they should be kept at a low temperature, as they will not bloom freely where it is too warm. If left in the open garden during the winter, protect with a covering of leaves.

Double White Perpetual—Flowering Violet SWANLEY WHITE, or Queen of Fragrance—Of all the white Violets this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriantly and is loaded with flowers. It is not an uncommon sight to see as many as fifty large flowers open at once, presenting a beautiful sight, their delicious perfume filling a whole room. 15 cents.

LADY HUME CAMPBELL—A true ever-bloomer. This is one of the finest of all double blue Violets. It is simply wonderful in the number of beautiful flowers it produces, in color it is a shade of the richest intense blue. It is a charming contrast with the white variety. 15 cents.

New Imperial or Parma Violet

This is, without question, the largest, richest colored and most highly perfumed of all the Violets. It blooms very freely, literally hounding the plant with its lovely blue flowers of the largest size. Its blooming season is longer than any other Violet. 20 cents; the three Violets for 40 cents.
Sanseviera Zeylanica

**ZEBRA PLANT.**

A beautiful plant, specially adapted for the decoration of flower, window and greenhouse, with its glossy green leaves, which have a dark border. The plant thrives on neglect, requiring but little attention and sunlight. A very showy plant, especially well adapted for bathrooms. Price per plant, 10c; two for 15c.

**Tender Plants**

In this list we do not give extended descriptions, but our customers will find many valuable plants embraced. These are suitable for house and garden culture.

**ACALYPHA SANDERI**—The Comet plant.

**ACALYPHA TRICOLOR**—Fine bedding plant.

Price of Acalyphas, fine plants, 15 cents; the three for 35 cents. Strong plants, 30 cents each.

**ALSOYIS CITRIOODORA LEMON VERBENA**—The most fragrant foliage of any plant.

**ALEYSSUM**—Giant double-flowered. Pure white flowers. 10c

**ANTIRRHINUM**—Snap Dragon. Four colors—white, yellow, pink and crimson. 10c

**BROWALLIA GIGANTEA**—Flowers intense indigo-blue. 10c

**CRAP MYRTLE**—Three colors, pink, crimson and purple. 10c

**CUPHEA PLATYCENTRA**—Cigar Plant. 10c

**Tender Vines and Climbers**

These make a rapid growth and bloom throughout the summer; are very showy.

**The Wonderful Giant Moonflower**

(IPOMEA MAXIMA).

A Giant in Growth and Flower and Wonderfully Fragrant. This grand new Moonflower is a decided improvement over the old well-known variety Ipomea Grandidora. The flowers are more than twice the size of the old variety, and the flowers measure from six to seven and one-half inches across, and are produced in clusters of five to twelve, and at times almost hide the vines. The flowers are the most heavenly blue, with reddish-purple rays, and six inches across. Nothing is more beautiful. 10c

**IPOMEA GRANDIFLORA**—The True Ever-blooming Moonflower—It is called the Moonflower from its rare peculiarity of blooming best at night and on dull cloudy days; flowers pure white in great profusion. 10c

**ANTIGONON LEPTOPUS**—or the "Queen’s Wreath"—Produces rose colored flowers in racemes, two feet long; beautiful. 10c

**BOUGAINVILLEA SANDERIANA**—The Chinese Paper Plant. Beautiful clear lavender flowers. 20c

**GERMAN, or PARLOR IVY**—A rapid-growing plant, well adapted to room decoration. Leaves glossy green and flowers yellow, in clusters. 8c

**MEDEIARA VINE**—White flowers; exquisitely fragrant. 5c; three for 10c.

**SILILAX**—A lovely house vine. 6c

**TRADESCATIA, or WANDERING JEW**—Fine for baskets. Two distinct kinds. 10c

**VINCA MAJOR VARIEGATA**—Fine for baskets and vases; green and white foliage. 10c; large, strong plants, 20c.

**CYPERUS ALTERNIFOLIUS**—the Umbrella Plant—A handsome pot plant, useful in vases, etc. (Four for 25 cents) 8c

**EUPHORIA SPLENDENS, or Crown of Thorns**—15c

**GENISTA, or Gold Shrub**—Golden-yellow flowers. 10c

**HELIOPE, or Four-separates**—10c

**IMPATIENS, or Sultana**—(Six for 50 cents) 10c

**JASMINE MAIAXAN, or Confederate Jasmine**—15c

**JASMINE GRAND DUKE OF TUSCANY**—Double white flowers. 25c

(Strong two-year-old plants, 50 cents.)

**JUSTICIA, the Pink Brazilian Plume Flower**—15c

**LANTANAS, or Shrubby Verbenses**—Three for 25c. 10c

**LANTANA, WEEPING**—Fine for baskets and vases; lavender flowers. 10c

**MYRTLE, SWEET, German, or the Jew, or Bride’s Myrtle**—The leaves are very fragrant. 25c

**PLUMBAGO CAPENSIS**—Sky-blue flowers. 20c

**PLUMBAGO CAPENSIS ALBA**—White flowers. 15c

**PETUNIAS**—Double-flowering; four colors. (Four for 50 cents) 10c

**PRIMROSE, New Baby Malacodes**—Light pink flowers. 10c

**PRIMROSE, CHINESE**—Three colors—white, pink and red. 10c

**PRIMULA OBCONICA GRANDIFLORA**—Always in bloom. 10c

**SALVIA SPLENDENS**—Brilliant scarlet. 6c

**SALVIA LE PRESIDENT**—Rich scarlet flowers. 6c

**SAXIFRAGA SPIRITUS ALATUS**—Variegated red and white. 10c

**SALVIA SPLENDENS VARIEGATA**—Variegated red and white. 6c

**SALVIA MRS. PAGE**—a perfect sheet of scarlet. 6c

(Salvias, 60 cents per dozen; 25 for $1.00.)

**SAXIFRAGA SARMENTOSA**—or Strawberry Geranium. 10c

**SELAGINELLA**—Low-growing fern-like Moss; elegant 10c

**VERBENAS, Mammoth-Flowering**—All colors. (Seven for 50 cents) 8c

**VASE PLANTS**—A fine assortment. (Eight for 50 cents) 8c

**Antigonon leptopus—Mountain Rose or Queen Wreath.**
Tuberous-Rooted Begonias

SINGLE FLOWERING—White, yellow, crimson, scarlet, orange and pink. 10 cents; three for 25 cents; the six for 50 cents.

DOUBLE FLOWERING—White, yellow, crimson, scarlet, orange and pink. 15 cents; three for 35 cents; the six for 50 cents.

CHISPA—Giant blossoms of enormous size, with elegant fringed petals, with crisp or curled like appearance. Red, white, yellow, orange and pink. 15 cents; three for 35 cents; the six for 50 cents.

Cristata—New created or plume-like, petaled Begonias of great beauty; red, white, orange, yellow and pink. 15 cents; three for 35 cents; the five for 50 cents.

Calla Lilies

Black Calla, ARUM SACRAMENTUM—This is the famous Black Calla; it grows so very easily and produces Calla Lily-shaped flowers that in color are coal-black. This Lily produces the blackest flower of any plant in existence. It is simply jet black. Stock is scarce. 25 cents each; two for 40 cents.

Calla Ethiopian, EGYPTIAN LILY—This is the well-known 'cedriclan' or Lily of the Nile, with large white flowers, broad foliage, and it will prosper under very adverse circumstances. Plants to bloom next winter, 15 cents; strong bloomers, 25 cents.

New Calla, PERSIAN LILY—Correctly known as Calla, this Calla only grows about eighteen inches high, and is the freest blooming of all the Callas. The bloom is pure white. The following Callas will not produce a bloom nearly as great as the superiority of this old sort. Of dwarf habit, the same plant will grow and bloom for years, and the quantity of bloom which a good plant will produce is astonishing. A large plant is hardly ever without one or more flowers. All in all, it is one of the most desirable plants we ever offered. 15 cents; two for 25 cents; three for 35 cents; the six for 50 cents.

Golden Yellow Calla, RICHARDIA ELLIOTTIANA—It has the same habit of growth as the ordinary white variety, with flowers of same size and shape, but of a rich, clear, lustrous golden-yellow color. Blooming bulbs, 25 cents. Two for 40 cents; three for 50 cents.

The New Godfrey Calla Lily, DEVONISENSIS—Undoubtedly the finest thing ever sent out in the Calla line, and quite indispensable. Blooms all winter. Compared with the ordinary Calla, it gives three blooms to one; is snow-white and perfect in form. Blooms on very small plants, though it attains to a very large size with very large flowers. Blooming bulbs, 30 cents each; two for 50 cents.

Spotted Calla, RICHARDIA ALBA MACULATA—Plant with beautiful spotted leaves. It flowers abundantly during the hot months of summer in the open border. It makes a fine plant for the center of vases. The flowers are shaped like those of a Calla, and are pure white, shaded with violet inside. Keep dry in the winter, and start in the spring like a Dahlia. Blooming bulbs, 10 cents, three for 25 cents; larger size, to produce a dozen blooms, 20 cents.

SPECIAL OFFER NO. 50—The Six Calla Lilies, costing $1.20, for $1.00 net.

Gladioli

(Gladiolus, The Pan-American). Our Pan-American mixtures are the best in the world, and we want to say to you candidly that you have never seen Gladioli until you see these flowers. This mixture includes a 15 cent strain, such as "Gray's Inglesides," "Burbank's California Selects," "Burdick's" and "Crook's Hybrids." They are very tall and erect, often standing four to five feet high, with blooms of blue over two feet in length. They branch freely, in most cases, each stem producing three or four spikes of bloom, and blooms much earlier. The blooms are of great substance and gigantic size, frequently seven to nine inches across. The form of both flower and spike is perfection, being a perfect spike. This long-time before fading, owing to their great substance and vigor. But the most remarkable feature is the coloring. Gladioli cannot surpass the 10 cent and 2 cent shades, markings and blendings. Every color known among Gladioli is represented, and many never before seen, particularly blues, smoky lilies and purple-blacks, all having beautifully mottled and spotted throats made up of white, crimson, pink, yellow, etc., and in this particular network of shading spots and colors lies one of its special points of unsurpassed beauty. They for outrank all other Gladioli in size of spike, size of bloom, vigor, varied and magnificent coloring and freedom of bloom. By mail, we will pay postage, 3 cents each; twelve for $2.00 per hundred. By express, you pay express, $2.00 per 100.

Excelsior Pearl Tuberoses

The Finest in Existence. All Blooming Bulbs.

DWARF EXCELSIOR PEARL TUBEROSES—Year after year its popularity has increased until the demand for it has reached a height of unprecedented proportions. Nine to fourteen inches high; blooms early and with the greatest freedom, matures perfectly. Flowers pure white, very large blooms, and immense size, which gives a unique quality of the flower. These bloomers are of great substance and gigantic size, frequently seven to nine inches across. The form of both flower and spike is perfection, being a perfect spike. This long-time before fading, owing to their great substance and vigor. But the most remarkable feature is the coloring. Gladioli cannot surpass the 10 cent and 2 cent shades, markings and blendings. Every color known among Gladioli is represented, and many never before seen, particularly blues, smoky lilies and purple-blacks, all having beautifully mottled and spotted throats made up of white, crimson, pink, yellow, etc., and in this particular network of shading spots and colors lies one of its special points of unsurpassed beauty. They far outrank all other Gladioli in size of spike, size of bloom, vigor, varied and magnificent coloring and freedom of bloom. By mail, we will pay postage, 3 cents each; twelve for $2.00 per 100. By express, you pay express, $2.00 per 100.

AMARYLLIS COMPOSISSIMA—Flowers are rich, dark scarlet, 20 cents.

AMARYLLIS EQUESTRE (The Eagle Lily)—Color deep red; extra fine. 20 cents.

AMARYLLIS JOHNSONII—Dark red with a delicate white feather in each petal. 40 cents.

CYCLAMEN PERICUM, or Persian Violet—Fine for house plants; blooms for months. 30 cents.

CALADIUM ESCULENTUM, or Elephant's Ear—Fine for yards. Mammoth leaves. Good bulbs, 10 cents; three for 25 cents; large bulbs, 25 cents, six for $1.25; mammoth bulbs, 50 cents.

GLOXINIA—Our strain is the best on the market. Start the bulbs at the beginning of summer in a warm place. All colors. Jumbo size. One flower. Three for 25 cents.

LILY, Milk and Wine—Flowers three to four inches in diameter. Striped white and carmine. 25 cents.

FAIRY LILY—Bears a great profusion of delicate pink flowers; very free and easy to grow. It is a wonder. Try a few bulbs in a pan and you will never be without them. 10 cents each; three for 25 cents.

THE WHITE JAPANESE SPIDER LILY—The flowers are disposed in rings and resemble an spider. Of large size, pure white and deliciously fragrant. Blooming bulbs, 25 cents.

THE GOLDEN QUEEN—A rich fine yellow. 6 cents.

HALLEY—Delicate salmon-pink; most beautiful. 6 cents.

HOLLANDIA—Yellowish-salmon; a grand flower. 6 cents.

KUNDERI GLORY—Delicate blush-white, crimson stripes; petals are fringed, giving the flower a ruffled appearance. 6 cents.

LILY LEHMAN—A charming white Gladiolus tinted rose. A dainty flower. 6 cents.

MRS. FRANCIS KING—Flame-pink; large flowers; extremely handsome. 6 cents.

PINK BEAUTY—Deep, rich, glossy pink overlaid with sheen of glossy satin, pronounced red blotch. 6 cents.

PRINCES—The one Gladiolus par excellence. The best for cutting, lasts longest; rich, bright scarlet with pure white blotches. Very showy and striking. 6 cents.

WHITE GIANT—Large flowers of pure white; extra. 6 cents.

WILLY WIGMAN—Creamy-white, with large scarlet blotch; very distinct and beautiful. 6 cents.
Montbretias

Small bulbs that produce Gladiolus-like flowers in the greatest profusion. The bloom and bloom spikes resemble a Gladiolus, but the displays are entirely different, opening up an entirely new field in color. They are used abroad by the hundred, $1.25 per hundred, $1.50 per thousand. Everybody can grow them. The six Montbretias for 10 cents; per hundred, $1.25.

Tigridias (Tiger, or Shell Flower.)

These gorgeous summer-flowering bulbs look well associated with Gladiolus, lilies and kindred stock; grow about 1⁄2 feet high, and flower freely throughout the summer. They require the same treatment as Gladioli, and should be lifted in autumn and dried off in the same way.

CONCHIFLORA—Golden-yellow, spotted crimson.
Pavonia Grandiflora—Bright crimson, center spotted with yellow.

Honeysuckle Hall's Japan—Sweet-scented. This is the most consistent bloomer of the class, being literally covered all summer with beautiful yellow and white flowers; very fragrant. 10 cents.

Honeysuckle Scarlet Trumpet, or Red Coral—A rapid grower, bright red with trumpet-shaped flowers. This is the old, well-known variety. 10 cents.

Honeysuckle Yellow Trumpet—Golden, trumpet-shaped flowers; fragrant. 10 cents.

The set of Five Honeysuckles for 40 cents.

Chinese Matrony Vine—Pale purple flowers, followed by scarlet berries. A rapid and desirable climber. 10 cents.

Chinese Wistaria—Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. 10 cents.

Lathyrus (Hardy Everlasting Pea).

One of the best and most desirable flowering hardy climbing plants, attractive both in flower and foliage, growing to a height of 8 to 10 feet, and producing clusters of large flowers the entire summer; fine for cutting; last- ing in water. 15 cents each; the two for 25 cents.

Lathyrus Rubra—Deep rosy-red.

Lathyrus Alba—Pure white.

Potting Fiber for House Plants

Imported from Holland, ready for mixing with any soil for house plants. Convenient to use and always ready. Price, 75 cents per gallon, enough for 20 four inch pots. One-half gallon, 40 cents, postpaid.

Chinese Wistaria.

Hardy Vines and Climbers

Large Flowering Clematis

Jackmanii—This is perhaps the best known of the fine perpetual Clematis, and should have credit for the great popularity now attended by this family of beautiful climbers; free in growth, and abundant bloomer, producing flowers until frozen up. The flowers are large, and of an intense violet-purple; remarkable for their velvety richness. 50 cents.

Bantholm Belle—This is the finest of all white Clematis. Flowers large, of a beautiful creamy-white. 50 cents.

Duchess of Edinburgh—This is, without doubt, the best of the double whites. Very free flowering; fragrant. 75 cents.

Villa de Lyon—The color is a bright rosy-red, entirely distinct from any other sort. A persistent bloomer and strong grower, with large flowers. 50 cents.

Gipsy Queen—A distinct shade of Clematis, a pretty lavender-pink, a fine contrast to the strong-colored sorts. Rapid in growth and slender, graceful habit. 50 cents.

Sieboldi—A lovely shade of lavender; very beautiful and distinct. 50 cents.

Special Offer—The set of six distinct large-flowering Clematis for $2.25; any three for $1.50. This is a bargain, as the roots are large and strong. The best you have ever seen.

Clematis Paniculata

Covered in August and September with a sheet of clustered snow-white bloom of the most delicious fragrance. An arboreal portico over which this Clematis is trained is a wall of white for the time being, and it blooms with nearly all other vines after they have ceased blooming. Perfectly hardy; grows rapidly. 50 cents; three-year-old plants, two for 25 cents. Strong two-year field plants to bloom this year, 25 cents each.

Amelopsis Veitchii (The Boston Ivy)—Clings firmly to any wall, building or tree. Green leaves in summer, changing to red in the fall. 10 cents each; two-year-old plants, 25 cents; three-year-old plants, 40 cents.

Cinnamon Vine—Bears white flowers with fine cinnamon fragrance. 5 cents each; six for 25 cents.

English Ivy—This climber is in great demand for covering walls. Plants in the least exposed situation. 15 cents.

The Wonderful Japanese Kudzu Vine (Jack and Bean Stalk Vine)—This is the most rapid-growing vine that anyone knows of. By measurement it has been known to grow twenty feet in a week. The foliage is large and tropical. It is entirely hardy. Everyone has trouble in getting nursery-grown plants of this to grow. We have grown and other good pot-grown plants, the kind that have the crown to the plant and ball of earth to the roots, and you try to stop them growing and see if you don't run into a snag. This is proving a great forage plant in the South. All kinds of stock prefer it to hay or other coarse feed. Try it. 20 cents each; two for 35 cents.

Dutchman's Pipe (Aristolochia Siphon)—A very rapid-growing hardy climber. The flowers are long and shaped like an old Dutch pipe. 35 cents.

Honeysuckle

Honeysuckle Aurea Reticulata (Golden Leaved)—A variety with beautiful variegated foliage of yellow, white and pink. 10 cents.

Honeysuckle Chinese Evergreen—Sweet-scented. Blooms nearly all the season; deliciously fragrant; flowers buff, yellow and white. 10 cents.
Artemisia Lactiflora

This comparatively new introduction from China is a most effective flowering plant, with erect stems 3 1/2 to 4 1/2 feet high, clothed with elegantly-cut dark green foliage and terminating in large heads of softly fluffy pink-centered pure white Spirea-like light and graceful flowers. It is at its best from the latter part of August to the end of September, and is particularly valuable on this account, being unlike any other plant in bloom at that time. 25 cents each.

Hardy Begonia, Evansianna

Think of it! a hardy Begonia, one that stood twenty degrees below zero last winter, and came up and bloomed all summer. Another thing in its favor, it requires shade to grow in, at least partial shade. So many persons write us asking for plants suitable for shady places. Well, Begonia Evansianna will fill the bill. It is a wonderful, beautiful Begonia, having pendulous flowers in large racemes almost covering the entire plant. Color a sparkling pink that is simply entrancing. Everybody will want a hardy Begonia. It is also fine for pot culture. Price for plant or bulbs, to bloom this summer, 25 cents; three for 60 cents.

Burbank’s Shasta Daisies

Shasta Daisies (New) — The Shasta Daisy is one of the most marvelous productions in the flower line that has ever been brought to the notice of floriculturists. It is the first of a new type which has been obtained by hybridization and rigid selection through a series of years. Its first qualification is extreme hardiness. Second, it is perennial, blooming better and more abundantly each season. Third, it is not particular as to soil. Fourth, it blooms for several months. Fifth, the flowers are extremely large and graceful, averaging about four inches in diameter, with petals white, with a yellow eye, and which are borne on single, long, stiff, wiry stems. Sixth, the blooms when cut retain perfectly fresh and in good condition for two weeks or more, either in water or in a vase.
Iris
The Rainbow Flower

The Iris are fast coming into favor. They are entirely hardy and increase rapidly when planted in a flower garden. By placing the different families of Iris you will have bloom from the tenth of May till the middle of July. To get the best results Iris are plentiful; although, they can be planted any time in the spring of the year.

Iris Kaempferi—Japanese Iris

The improved forms of this beautiful, perfectly hardy flower, producing a dozen flower spikes, each spike bearing from two to four enormous blossoms eight to ten inches across, are not outstripped by any flower in existence. They are of the most delicate and beautiful colors, markings and combinations. Coming in the middle of June and continuing for a month, they fill a period when flowers of this attractive type are particularly welcome. They will thrive in almost any situation, but require plenty of water when they are forming their buds and developing their flowers. The following varieties are the cream of over one hundred sorts. Price, 20 cents each; six for $1.00; the set of twelve for $1.50. We can supply extra fine mixed sorts at $1.00 per dozen.

ADMRAL DE RETUER — Silvery gray, almost white, standards deep violet-blue. Three petals.

GERKI-NO-NAM (Moonlight on Waves)—Large double white, center gold and yellow. Some sell this under the name of Gold Bound. Six petals.

HANA-NO-SORA—Heavily veined and marked with dark blue, shaded lilac. Six petals.

ISO-NO-NAMI (Shallow Waves)—Pine porcelain-blue, banded deeper, center rosy-lilac flushed with gold. Six petals.

KING EDWARD VII — Rich violet-purple; very early. Three petals.

KUMO-NO-SORA (Sky Amidst the Cloud)—White, edged and flushed with sky-blue; zone center banded yellow. Six petals.

KUMO-NO-ObI—Dark lavender-purple, with white halo around. Six petals. Also known under the name of Purple and Gold. Six petals.

RUMU-FUNIG—Excited Bear)—Large, deep violet-blue; velvety texture. Five petals.

OSHO-KUN—Intense Tyrian-blue, yellow blotches radiating into white; standards dark violet; superb. Six petals.

SENJO-NO-HORA (Bottomless Cave)—Vinous purple, speckled and splashed lilac-gray; standards purplerogrammed at base; extra. Six petals.

UCHI—Cerulean-blue with a white halo radiating white veining. Standards tipped blue. Six petals.

Iris Germanica—German Iris

The "Fleur de Lis" of France

No other flower has so many combinations of color, especially of the delicate and unusual shades, and the name Rainbow Flower is most fitting. They are absolutely hardy, as beautiful in form, texture and coloring as any Orchid, and many are delightfully fragrant. They are not particular as to soil; will grow anywhere will, but do better in well-drained locations. There is nothing prettier than this German Iris, blooming from May 10th to June 15th. The colors are gorgeous and they completely hide the plant. Be sure and plant some German Iris. Price, 10 cents each, except where noted; the set of eleven, costing $1.55, for $1.25.

FLORENTINA ALBA—Creamy-white, faintly flushed lavender; fragrant and early. This is the Orris root of commerce, being the raw material for the manufacture of Orris powder. The roots are delicately perfumed. Price, 10 cents.

HONORABLE (Sans Souci) — Standards golden-yellow, falls rich mahogany-brown; very effective. Price 10 cents.

INNOCENZA—Standards and falls ivory-white; crest rich golden-yellow; a very delicate and showy flower. 25 cents each.

MADAME CHEREAU—Standard and falls white, elegantly frilled with a wide border of clear blue; very beautiful. Price, 10 cents.

Japanese Iris—Iris Kaempferi.

PALLIDA DALMATICA, or Heavenly Blue—Standard delicate lavender; falls clear deep lavender; flowers very large and extra fine. Price, 10 cents.

PURPLE PRINCE—Standard intense deep violet-blue; falls velvety dark purple; exceedingly rich and striking. Price, 10 cents.

QUEEN OF MAY—A lovely shade of rosy-pink, tinted with lilac; beautiful. Price, 10 cents.

Delphinium or Larkspur

Indispensable to the herbaceous garden, their long, showy spikes of flowers persist from June till frost and furnish the most satisfactory blues to any color scheme.

ATTRACTION—Dlicate lavender-blue, pure mauve center, inside of petals shaded pink. White bee; very attractive. 40 cents.

BELLA DONNA—Pure sky-blue; white bee; fine for cutting. 20 cents.

DUKE OF CONNAUGHT—Bright gentian-blue shaded rich oxford-blue, suffused lilac; white bee. 25 cents.

FORMOSUM—A lovely celestial blue. 20 cents.

KING OF DELPHINIUMS—One of the finest Delphiniums, with flowers of enormous size. Dark gentian-blue with royal purple center; white bee: extra. 50 cents.

LIZE VAN VEE—Pure Cambridge-blue, shaded with porcelain-blue; white bee. 50 cents.

MADAME VIOLET GESLIN—Very bright blue, light mauve center. 35 cents.

MOERHEIMI—Pure snow-white. Elegant. 50 cents.

PERSEPHONE—Sky-blue, light canary-yellow center; sulfur bee. Elegant. 30 cents.

SPECIAL OFFER NO. 85—The thirteen Delphiniums, costing $4.15, for $3.50, net.
AZALEA MOLLIS—The most brilliant and showy of all hardy shrubs, excelling even the rhododendron, and affording sturdy evergreen protection in all situations. The bloom, which varies in color from the intense rosy-crimson to lemon-yellow, literally covers the compact bush, forming a large bouquet, and which remains in perfection for a long period in May and June. Massed they produce an effect that is actually brilliant. Just as these plants ready to bloom. 50 cents; three for $1.25.

BUXUS (Ornamental Box).—Sempervirens—Useful for edging and bordering walks, or as a hedge forming a handsome shrub for the deep green foliage. This is not as dwarf as the Sempervirens Nana, but we find it so much more vigorous and hardy that we advise planting this and trimming to form a well rounded plant. 50 cents per dozen, post-paid. By express, purchaser to pay express, $3.00 per hundred.

Calycanthus Floridus (Carolina Allspice or Sweet Scented Shrub)—A most desirable shrub. The wood is fragrant; flowers of a rare chocolate color, having a peculiar agreeable odor that is very pleasant in the garden. In July and at intervals afterwards. Fine plants, 10 cents; strong two-year-old plants, 25 cents.

Deutzia—Their fine habit, luxuriant foliage and profusion of bloom render them among the most beautiful of shrubs. They flower the latter part of June. Deutzia—Dwarf habit. Forms itself with pure white bell-shaped flowers. 15 cents each; strong plants, 25 cents.

Deutzia gracilis Rosea—Same as above but pink flowers.

Deutzia crenata—Flowers double white, tinged with rose. 15 cents; two-year plants, 25 cents.

Deutzia pride of rochester—Large double white flowers. 15 cents; two-year plants, 25 cents.

Deutzia lemoinei—Habit dwarf and free flowering; double white flowers. 15 cents each; two-year plants, 25 cents each.

Special Offer No. 51—Five Deutzias for 60 cents.

New Hydrangea “Hills of Snow”—This is the great new hardy shrub that has come to gladden our yards and gardens. We place it first and foremost of all shrubs, as it is the most beautiful shrub we have in our collection. It is covered from June to August with large, pure white flowers. Be sure and plant this new hardy shrub, it will please you greatly. Young plants, 15 cents each; two for 25 cents. Strong two-year-old plants, 40 cents each; three for $1.00. Large specimen plants, 60 cents each.

Hydrangea paniculata grandiflora—A great favorite, and there is nothing finer or more showy, whether for planting in large masses in parks or for single plants in the smallest lawns. Blooms profusely from July until frost, in immense white panicles, tinted with pink and then with brown in the fully matured flower. The plant should be cut back each spring fully one-half of the past season's growth, as the flowers are much finer if the plant is treated in this manner. The flowers are much finer and larger if grown in a rich, good soil, but the plant is so hardy and so easily grown that success is almost certain in any kind of soil and in any situation. Young plants, 15 cents each; three, 45 cents. Strong flowering plants for immediate effect, two years old, 35 to 50 cents, according to size.

Hibiscus syriacus (Althea or Rose of Sharon)—Also known as the Hollyhock shrub, belongs to the Mallow family. They are the most graceful of all shrubs in our collection. The flowers are of large size, very double and full of various brilliant and striking colors. They bloom from June to August and will bloom, and therefore is seldom out of flower. It is a pot plant or for growing in the open ground, nothing can equal it. Perfectly hardy, it is unquestionably the best of all the purely meritorious plants that we cannot have too many of.

Rhus glutinosa—Long panicles of large individual flowers, dark purplish-red; distinct. Superb. Middle of August.

Viburnum—Color light pink, almost white; one of the last to bloom; very showy.

Vulgaris—Common white lilac; very large tufts of cream-colored flowers. Extra.

Spirea (Meadow Sweet). These are beautiful shrubs of the easiest culture, very desirable for planting on the lawn in groups or as single specimens. Their blooming extends over a period of three months. One-year, 15 cents each; two-year-old plants, 25 cents each.

Anthony Waterer—This beautiful gem makes a low, compact bush, growing only a foot or two high, and the whole growing season with large umbels of deep crimson flowers which measure nearly a foot across. When scarcely three inches high from the base and beautifully double, this is a dwarf variety. Always good.

Van Houttei—This plant is covered with a mass of large white flowers, presenting a beautiful appearance. Very hardy; one of the finest shrubs in the catalogue.
Snowball - Viburnum

(Viburnum Opulus Sterile) — (Guilder Rose) — A well known favorite shrub of large size, with globular clusters of white flower. The Snowball of our mothers' gardens. Blooms in May. One-year plants, 15 cents; two-year plants, 25 cents.

Weigela - Diervilla

They produce in June and July superb large trumpet-shaped flowers, the most beautiful. They are very desirable for the border or for grouping, and as specimen on the lawn. One-year plants, 15 cents; strong two-year plants, 25 cents.

CANDIDA — A vigorous, erect grower; flowers pure white and produced in great profusion in June, and the plants continue to bloom through the summer, even until autumn.

EVA RATHKE — A charming Weigela flower, brilliant crimson. A beautiful distinct clear shape.

ROSAE — An able many-colored flowers erect compact growth. Blossoms in June.

ROSEA NANA VARIEGATA — Of dwarf habit and possessing clearly defined silver variegated leaves. Flowers nearly white. It stands the sun well.

Hedge Plants

We here name the most suitable plants for hedges.

Barberries - Barberry

(Tibet) — From Japan. A pretty species of dwarf habit. Small foliage and small tolerating beauty in clusters. Mixed and in autumn. A slower grower than the Privet, but needs no trimming and is a feast for the eye when full grown. One-year plants, 15 cents each; $1.25 per dozen; $10.00 per hundred.

Ligustrum - Privet

AMURENSE (Annam River Privet) — This is a very graceful, neat, round and compact growth. The plant has not the stiff, formal effect that the California Privet has. Two-year, eighteen to twenty-four inches, $0.50 each; 15 cents per dozen, postpaid. By express, purchaser to pay express, $3.00 per hundred.

OVERLIFE (L. Privet) — This makes when pruned very a formal hedge, will grow almost anywhere, thriving where other plants refuse to grow. Two-year, 18 to 24 inches, branched, 10 cents each; 75 cents per dozen, postpaid. By express, purchaser to pay express, $5.00 per hundred.
